In 1901 Reading Company acquired control, owning $14,500,000 stock. The latter company will dispose of its holdings under its dissolution plan. V. 113, p. 1469; V. 112, p. 743, 2304; V. 72, p. 86, 136, 241, 391, 721. In Sept. 1913 the Govt. brought suit alleging violation of both the Sherman law and the commodities clause of the I.-S. Commerce Law. In Oct. 1915 final decree of U. S. District Court dismissing said suit ordered that this company must dispose of its interest in the Lehigh & Wilkes-Barre Coal Co. within 90 days. Both parties appealed to the U. S. Supreme Court. On April 26 1920 the U. S. Supreme Court sustained most of the Government's charges. The plan for the disposal by the company of all the stock of the Lehigh & Wilkes-Barre Coal Co. owned or controlled by it (as embodied in the dissolution decree of the Reading Co. dated Feb. 14 1921), provided that the stock be disposed of within six months after entry of the decree or previous to any other later date which may be fixed by the Court. Announcement was made on Nov. 17 1921 that the company had sold its 169,788 shares of Coal Co. stock to a syndicate for $32,500,000. See V. 114, p. 737, 946, 2578; V. 115, p. 182, 644, 868; V. 117, p. 669, 1555; V. 113, p. 1982, 2184, 2719; V. 112, p. 743, 2641; V. 101, p. 1464, 1807; V. 110, p. 1816. BONDS.—The 100-year General and Refunding Mortgage of 1913 is an open mortgage and not limited to any specified amount, but the bonds at any time outstanding are limited to three times the outstanding stock, now amounting to $233,686,200. When the amount of bonds issued thereunder (bearing interest not in excess of 6%) reaches $698,000,000, further issues must be limited to 75% of the cost of property placed under the mortgage.

The mortgage is secured by a direct lien on all the properties, including about 10,180 miles directly owned, 109 m. jointly owned, terminal properties in Chicago, Milwaukee, Seattle, Tacoma, Spokane & other cities, and the entire equipment, subject to $179,673,000 prior liens ($18,331 p. m.), to retire which an equal amount of bonds is reserved, $132,007,200 being also reserved to retire debentures and convertible bonds, which are equally secured thereunder. None of the prior liens may be extended and no further amounts issued except gen. M. for refunding purposes, so that eventually the Gen. and Ref. bonds will become an absolute first lien. Further bonds may be issued for improvements, betterments, acquisitions, construction, equipment, &c. Of the bonds, $154,489,500 have been issued in exchange for Chic. Milw. & Puget Sound 1st 4s (leaving only $26,175,000 of the latter outstanding). On Dec. 31 1923 the treasury held available $117,217,200 of the new bonds issued for said exchange and against impts., &c. The $29,129,800 Gen. & Ref. Mtge. bonds issued in 1915 are convertible into common stock at par for 10 years beginning Feb. 1916. V. 100, p. 139, 228, 307, 811, 900, 981; V. 101, p. 287.

The 6% 1st Mtge. Bonds Security, Gold Loan of 1924, secured under a trust indenture to National City Bank, New York, as trustee, by the deposit and pledge of $20,000,000 Gen. (now 1st) Mtge. 5% Gold bonds, due May 1 1989. The entire issue but not any part, redeemable on 60 days' notice at 103% and int. on Jan. 1 1928 and on any int. date thereafter at their face value and accrued int., together with a prem. of ¼% for each 6 mos. between the red. date and the date of maturity. ORGANIZATION.—The company at midnight on June 24 1917 resumed possession of its property, having been successfully reorganized without foreclosure. The sale of $29,422,160 7% pref. stock to a syndicate and $5,000,000 6% pref. to former directors provided for old floating obligations and reorganization expenses, while the $20,000,000 debentures of 1912 were replaced by $20,000,000 6% pref. stock. V. 104, p. 2641, 2552, 2451, 2342; V. 106, p. 2025. Plan of reorganization was in V. 103, p. 1887, 1980, 2155; V. 104, p. 451.

In Jan. 1919 the company concluded a settlement of its litigation with the Colorado & Southern Ry. Co. respecting the Trinity & Brazos Valley Ry., extending from Fort Worth and Dallas to Houston and Galveston, whereby the Colorado & Southern accepted in cash 60% of the amount due on the contract, which, under the final decree in the Rock Island receivership, would be payable in full in 6% preferred stock at par, such as was paid to all other general creditors of the Rock Island. This involved the payment of some $4,000,000 and the Rock Island now owns outright a half interest in the Trinity & Brazos Valley Ry. and will have a permanent outlet to the Gulf ports. V. 108, p. 378; V. 109, p. 672.

HISTORY, &c.—Chartered in 1832, present title assumed in 1853. In June 1909 the D. L. & W. Coal Co. was incorporated with $6,800,000 authorized stock, to act as selling agent for the company's coal in Pennsylvania, the railroad stockholders being permitted to subscribe for its stock (see extra dividend below, also that company's caption under Miscel. Cos.

United States Supreme Court on June 21 1915 in the suit brought by the Government held that the company, under the contract of Aug. 2 1909, violated the commodities clause of the Hepburn Act and the Sherman anti-trust law (V. 100, p. 2114; V. 101, p. 17), in its relations with the D. L. & W. Coal Co. A new contract was arranged. V. 101, p. 47. In May 1917 suit over Morris & Essex lease was settled, the guaranteed dividend on M. & E. stock being increased from 7% to 7¼% p. a. V. 104, p. 2116. V. 100, p. 1509, 1832; V. 102, p. 1896; over Syr. Bing. & N. Y. lease, V. 103, p. 1980. Anthracite rate case, V. 101, p. 2072; V. 102, p. 1357. Government regulation of coal prices in 1917, V. 105, p. 767, 2412, 2293, 1961.

The company on Sept. 17 1920 submitted to the I.-S. C. Commission a plan for the segregation of its coal properties and the operation of its mines owned, as distinct enterprises from its railroad properties. The Comission, in April 1921 authorized the company to issue $45,000,000 common stock to be distributed as a stock dividend. The stockholders on July 21 1921 authorized an increase of $45,000,000 in the capital stock and also approved the sale of the road's anthracite coal properties to the Glen Alden Coal Co. for $60,000,000. Compare V. 112, p. 2190.

Title to the properties of the Denver & Rio Grande RR. was formally transferred to this company at midnight July 31 1921.

Receiver Appointed.—Joseph H. Young, President of co., was appointed receiver in July 1922 (V. 115, p. 542), but in July 1923 was succeeded as receiver by Thomas H. Beacom.

Digest of Reorganization Plan Dated June 15 1923.

Reorganization Plan.—Kuhn, Loeb & Co. and the Equitable Trust Co., New York, as reorganization managers, have announced a reorganization plan which has been approved and adopted by the bondholders' committees, of which John Henry Hammond, James H. Perkins and Richard Sutro are Chairmen. The plan has also been approved by the directors of the Western Pacific RR. Corp. (which holds all the stock) and the Missouri Pacific RR. also by the I.-S. C. Commission. The plan also provides for the creation of equal beneficial interests in the new company for the Western Pacific and the Missouri Pacific (compare also original proposed reorganization plan of the Hammond committee, subsequently abandoned, in V. 114, p. 515, 519.)

Results Which the Reorganization Is Intended to Accomplish.

(1) The early termination of the receivership.

(2) Provision of $10,000,000 in cash, for which no securities other than common stock are to be issued, to be used to make payments contemplated by the plan and for the purposes of the reorganization, including the redemption of the $5,000,000 receiver's certificates which have been authorized and sold to the Missouri Pacific and the Western Pacific.

(3) Conversion of $31,114,000 ref. bonds and $10,000,000 of adj. bonds, together with unpaid int. thereon, partly into gen. mtge. 5% bonds bearing int. from Feb. 1 1924 and maturing in 1955, and partly into 6% cum. pf. stk.

(4) Provision for financing future impts., exts. and other capital requirements and for refunding existing underlying bonds by the creation of a new issue of ref. & impt. bonds, superior in lien to the gen. mtge. bonds above mentioned. No ref. & impt. bonds will be presently issued under the plan.

(5) Transfer to the new company and the inclusion in the new mortgages of the right, title and interest of the present company (Denver & Rio Grande Western RR.) in and to lands, engines, equipment, materials and supplies and securities, and the settlement as between all interests joining in the plan of existing controversies with respect thereto.

(6) Vesting in trustees, subject to the existing pledge thereof to secure the 1st consol. mtge. 4% 50-year gold bonds of Rio Grande Western Ry., of the entire capital stock of the Utah Fuel Co., subject to a charge for the security of the ref. & impt. bonds and the gen. mtge. bonds and of any bonds or obligations issued to pay or refund the ref. & impt. bonds or the gen. mtge. bonds, or any of them, in the order of their priority; the dividends on the stock of the Utah Fuel Co., so long as any of the ref. & impt. bonds or the gen. mtge. bonds, or any bonds or obligations issued to pay or refund the ref. & impt. bonds or the gen. mtge. bonds, or any of them, shall remain outstanding, to be paid to the new company, except that whenever the new company shall have paid all accrued dividends, and provided for current dividends, upon its pref. stock, such Utah Fuel dividends are to be paid to the Missouri Pacific and the Western Pacific, which are to be equal owners of the equity in said stock, as well as the equal beneficial owners of the common stock of the new company.

(7) The creation, under a voting trust, of equal beneficial interests in the new company's common stock, to be vested in the Missouri Pacific and the Western Pacific.

Bonds Which May Be Deposited under the Plan.

(*a*) $31,114,000 D. & R. G. RR. 1st & ref. mtge. 5% gold bonds, with coupons maturing Feb. 1 1922 and all subsequent coupons attached (see above)

(*b*) $10,000,000 D. & R. G. RR. 7% cum. adjust. mtge. gold bonds with coupons maturing Oct. 1 1921 and all subsequent coupons attached.

Securities to Be Authorized by New Co. and Proposed Disposition Thereof.

(1) *Refunding & Improvement Bonds.*—To be secured by a mortgage which will be a lien (subject only to existing liens of underlying bonds and to liens subject to which after-acquired properties may be acquired) on all of the railroad properties and equipment of the new co., including its interest in terminal properties, and such securities and (or) after-acquired property as the reorganization managers shall determine. Bonds may be issued in separate series, maturing on same or different dates and bearing same or different rates of int. and other provisions determined by directors at time of issuance.

The mortgage securing the ref. & impt. bonds shall authorize the issue thereunder by the new company of such principal amount of bonds, at any one time outstanding, not exceeding $150,000,000, as determined by the directors. Of the bonds so authorized there shall be reserved to refund underlying bonds a principal amount equal to 105% of the principal amount of underlying bonds (now $81,112,000) from time to time outstanding.

The modified plan provides that refunding and improvement bonds, to the extent of $3,000,000, are to be issued to provide additional capital. The Missouri Pacific RR. and the Western Pacific RR. Corp. have agreed upon the consummation of the plan of reorganization to purchase $2,000,000 of the new ref. & impt. bonds provided for by the plan, and at the same time to purchase an additional $1,000,000 of the bonds if it shall be deemed necessary for the purposes of the new company, all of the bonds to be purchased at such prices as may be approved by the I.-S. C. Commission.

The obligations of the railroad companies shall be several, that is to say each of them shall be under obligation to purchase one-half only of the bonds. The purchase by one of them of its one-half of the bonds shall operate as a discharge of such party from its obligation to advance to the new company any part of the sum of $740,827, as provided in a letter to the I.-S. C. Commission, dated Dec. 3 1923.

(2) *Gen. Mtge. Bonds.*—Limited to the total authorized amount of not exceeding $30,000,000, maturing Aug. 1 1955 (i. e., date of maturity of present ref. bonds) and bearing 5% int., payable semi-ann. from Feb. 1 1924. Bonds will be secured by a mortgage subject and subordinate to the ref. & impt. mtge. and co-extensive therewith as to property and rights covered.

The gen. mtge. will contain further provisions to the effect that (*a*) gen. mtge. bonds shall be redeemable, all or part, at any time at 105 & int.; (*b*) new company shall pay, on or before May 1 1925, and on or before May 1 in each year thereafter, so long as any of the gen. mtge. bonds shall be outstanding, an amount equal to 1% of the maximum amount of gen. mtge. bonds at any one time issued and outstanding, such payments to be required to be made only out of net income for the last preceding calendar year (but to be cumulative) as a sinking fund, to be applied to the purchase at not exceeding redemption price, of gen. mtge. bonds, all bonds purchased or called for the sinking fund to be kept alive and the interest paid thereon from time to time to be added to sinking fund and applied in same manner.

The gen. mtge. bonds will be applicable in the first instance as follows:

In exchange for refunding bonds and coupons	$22,557,650
In exchange for adjustment bonds and coupons	7,250,000
Total	$29,807,650

Commencing Feb. 1 1929, int. upon the gen. mtge. bonds accruing from and after that date shall be a fixed charge of the new company."

The pref. stockholders' committee, at any time when as many as four quarterly dividends upon the pref. stock (whether or not consecutive) shall have accrued and be unpaid, may, and at the request in writing of the holders of record of at least 10% of the then outstanding pref. stock shall, appoint an accountant familiar with railroad affairs, a banker and a man of experience in practical railroad work, who shall be given full access to the books and accounts of the new company and of its subsidiaries, and also to the books and accounts of the Utah Fuel Co. Such appointees when so required by the pref. stockholders' committee, shall report their opinions and conclusions concerning the propriety of declaring dividends upon the pref. stock and the proper availability of moneys therefor and their opinions and conclusions as to the carrying out of the policies prescribed for the new company.

The pref. stock is to be applicable in the first instance as follows:

To be issued in exchange for refunding bonds	$12,445,600
To be issued in exchange for adjustment bonds	4,000,000
Total	$16,445,600

Common Stock.—An issue of common stock shall be created which shall possess full voting rights and shall consist of 300,000 shares, or such other number as the reorganization managers shall determine. The shares may have such par value or be without par value as the reorganization managers shall determine. All of the common stock in the first instance shall be issued to or vested in the Western Pacific, but the beneficial interest therein, upon the consummation of the plan, shall be vested equally in the Western Pacific and the Missouri Pacific.

Treatment of Refunding and Adjustment Bonds.

(*a*) Refunding bondholders who shall have become bound by the plan will be entitled to receive: For each $1,000 of bonds with coupon of Feb. 1 and all subsequent coupons, $725 of gen. mtge. bonds, bearing int. from Feb. 1 1924 at the rate of 5% per ann., and $400 6% cum. pref. stock. Holders of refunding bonds who have heretofore sold the Feb. 1 1922 coupon appurtenant thereto may at their election deposit such bonds without the Feb. 1 1922 coupon attached. Such depositors and holders of certificates of deposit representing refunding bonds, the Feb. 1 1922 coupons appurtenant to which have heretofore been sold, shall receive for each $1,000 of refunding bonds bearing the coupon of Aug. 1 1922 and all subsequent coupons attached, $700 of gen. mtge. bonds bearing interest from Feb. 1 1924 at the rate of 5% per ann. and $400 6% cum. pref. stock. Holders of such Feb. 1 1922 coupons appurtenant to refunding bonds as have been heretofore sold may deposit the same and shall receive in respect thereof $25 of gen. mtge. bonds bearing interest from Feb. 1 1924 at the rate of 5% per annum.

(*b*) Adjustment bondholders who shall have become bound by the plan will be entitled to receive: For each $1,000 of adjustment bonds with the coupons of Oct. 1 1921 and all subsequent coupons, $725 of gen. mtge. bonds, bearing interest from Feb. 1 1924 at the rate of 5% per annum, and $400 of 6% cumulative preferred stock.

Provision for Transfer of Mortgaged Property, Other Assets and Cash to New Co.

Upon transfer to the new company of the properties to be sold under foreclosure of the refunding and adjustment mortgages, and upon receipt from the Missouri Pacific of the purchase price of the stock of the new company to be acquired by it as provided, the Western Pacific will:

(*a*) Pay to the new company $10,000,000 in cash.

(*b*) Transfer or cause to be transferred to the new co. all its right, title and interest and all the right, title and interest of the present co. in and to:

The lines of railroad and other property subject to the refunding mtge. or the adjustment mtge. (except such items of property as the reorganization managers may determine to be of no value or not advantageous for the new co. to acquire, or of which other disposition is specifically made by the plan).

Certain shares of stock, bonds, equipment, &c., Compare V. 116, p. 2881.)

(*c*) Account to the new company or to the reorganization managers for any amounts which hereafter may be realized by it, as the owner of an equitable interest, amounting to approximately 95%, in the unsatisfied portion of the judgment in favor of Equitable Trust Co. of New York, as trustee, against the old Denver company (amounting, with interest, as of May 15 1923, to approximately $33,000,000), not, however, including moneys, amounting to less than $50,000, now in the hands of A. R. Baldwin as receiver of the old Denver company nor any moneys now in the hands of Equitable Trust Co.

(*d*) Account to the new company or to the reorganization managers for whatever it may receive as the proceeds of: $1,777,000 1st mtge. 5% gold bonds of Rio Grande Southern RR. now in default, and 35,797¾ shares of the capital stock of Rio Grande Southern RR. Co.

Other properties to be acquired include 19,583 shares of the capital stock of Rio Grande Junction Ry. pledged under the adjustment mtge. and the refunding mtge. and 7 shares in the treasury of the present company. The balance of the stock of such company, which was outstanding in the hands of the public has been acquired by the Western Pacific, with a view to consolidating the Rio Grande Junction Ry. into the Denver System.

Sale of One-Half Interest to Missouri Pacific and Creation of Voting Trust.

Upon the transfer to the new company of the properties sold under foreclosure the Western Pacific will transfer to the Missouri Pacific one-half of the common stock of the new company for the sum of $9,000,000.

All stock of the new company shall be placed in a voting trust, to continue for the longest period for which a voting trust may be legally made, consisting of three trustees, one appointed by the Missouri Pacific, one appointed by the Western Pacific and the third person to be agreed upon by both.

The board of directors of the new company shall consist of nine members, four to be nominated by the Western Pacific, four to be nominated by the Missouri Pacific, the remaining director to be nominated by the Missouri Pacific and the Western Pacific jointly.

History of Old Company.

Judge Learned Hand in the U. S. Dist. Court in N. Y. City on May 18 1917 decided in favor of the Equitable Trust Co., as mtge. trustee of the old Western Pacific *Railway*, the suit brought against the Denver & Rio Grande RR. Co. to enforce the payment of the guaranteed bonds. V. 105 p. 1309, 1522; V. 104, p. 2641, 2117. The Circuit Court of Appeals at N. Y. on Jan. 4 1918 affirmed the decision, ranking the judgment as a lien on the property inferior to the lien of the mortgage bonds V. 107 p. 1186; V. 106, p. 85, 188, 1126, 1688. The Circuit Court of Appeals at St. Louis in March 1923 also affirmed decisions denying leave to the stockholders to file a so-called ancillary bill to restrain the enforcement of the judgment. V. 116, p. 1049.

On Jan 26 1918, in view of the foregoing judgment, the property was placed in the hands of its President, Edward L. Brown, and Alexander R. Baldwin, of San Fran., V.-Pres. & Gen. Attorney of the Western Pacific RR., as receivers by the U. S. District Court at Denver, on application by a creditor, the company consenting, although earning a surplus over fixed charges, and there was no other floating debt. V. 106, p. 498; V. 107, p. 1186.

On Feb. 28 1918 the U. S. Gov't, having, as a war measure, taken over the managment of the property, Mr. Brown retired as receiver and Mr. Baldwin remained as sole receiver of the free assets with no part in the operation of the road. V. 106, p. 929.

In June 1918, $10,418,700 securities held by the company in N. Y. banks were attached; $10,000,000 stock of Utah Fuel Co. was sold under this judgment on June 20 and bid in by William Salomon & Co. on behalf of Western Pacific RR. Corp. for $4 000 000. V. 106 p. 2648, 2559.

The Equitable Trust Co. on May 4 1920 obtained an order from Supreme Court Justice Lydon, directing David B. Knott, Sheriff of N. Y. County, to issue a further execution upon a judgment awarded against the road and to levy upon certain property of the defendant held in this State. The sale, which took place on May 26 1920, realized about $1,200,000. Compare V. 110, p. 1972, 2291.

For payments made under foregoing judgment see Western Pacific RR. Corp.

Sale of Road.—The road was sold at public auction on Nov. 20 1920 for $5,000,000, the minimum amount allowed by the Court, to John F. Bowie of New York, representative of the Western Pacific RR. Confirmation of the sale was held up owing to objections filed by the pref. and com. stockholders' committee. A petition by the latter to intervene was denied on Feb. 28 1921 by the U. S. Circuit Court of Appeals at St. Louis. The sale was finally confirmed on March 28 1921 by Federal Judge Robert E. Lewis at Denver, after the Court had ruled that a resale would be ordered if the stockholders' committee would deposit $100,000 on March 25 1921 and agree to bid $10,000,000 for the property at the resale. Judge Lewis refused to permit the committee to file a bond of $100,000 in lieu of cash.

Judge Lewis in the Federal District Court at Denver on April 2 1921 dismissed the ancillary action brought by stockholders to set aside the sale of the property of the Western Pacific. The Circuit Court of Appeals at St. Louis in March 1923 affirmed the decision of the lower court. V. 111, p. 2227, 2323, 2520; V. 112, p. 257, 372, 652, 932, 1024, 1143, 1282, 1399, 1518, 1865, 2082, 2190; V. 113, p. 531, 1250; V. 116, p. 1049.

Interest Payments.—Coupons due Feb. 1 1918 on First & Ref. Mtge. 5s and April 1 1918 on Rio Grande Western 1st Consol. Mtge. 4s (V. 106, p. 1461), were paid on May 24 1918 Coupons due June 1 1919 on the Improv. 5s delayed were paid July 1 1919; Equitable Trust Co., N. Y., had previously offered to purchase them on behalf of Western Pacific RR. Corp. V. 108, p. 2329. Subsequent interest payments have been made when due.

There is no Series "C" The other series on Dec 31 1923 included:

In Nov. 1917 authority was obtained to issue $15,000,000 6% Series A *Ref. & Impt. On Dec. 31 1923, $13,708,000 pledged, $1,292,000 unpledged.

The property of the old Ft. In exchange for the bonds of the old Railroad Co. (substantially all of which were in the possession of a bondholders' protective committee), such protective committee will receive all the securities presently issued by the new Railway Co., to wit:

$1,500,000 20-year 1st mtge. 6% bonds;
3,741,000 20-year 2d mtge. 5% bonds (income bonds for first 10 years);

Pres. Alton C. Dustin in Feb. 1923 stated that the bondholders' committee (the protective committee of the old bondholders) will continue to function for at least another year in order to pay its debts and the receiver's debts before it will be in a position to make any distribution to the old mortgage bondholders, and that it was impossible at the time to give any estimate as to what the old bondholders will receive.

ORGANIZATION.—Incorp. by Canadian Parliament in 1903. V. 80, p. 906; V. 81, p. 1315. As to Grand Trunk Pacific Branch Lines Co., see V. 90, p. 1044 (also bonds below); V. 82, p. 333; V. 88, p. 295, 822, 1372, 1437; V. 107, p. 82; V. 110, p. 561.

On March 4 1919 notice was given that owing to the lack of funds the Grand Trunk Pacific Ry. was unable to continue operations. Accordingly, under the provision of the War Measure Act, an order was passed in Council on March 6 1919, placing the Grand Trunk Pacific Ry. in the hands of Minister of Railways as receiver. V. 108, p. 1060, 1274, 2118.

In March 1919 the Grand Trunk Ry. Co. paid the interest due March 1 on this company's debenture stock, but the principal of the $10,000,000 4% loan from the Dominion Govt., guaranteed by the Grand Trunk Ry., due April 1 1919 remained unpaid. V. 108, p. 151, 1917.

The Sept. 1 1919 interest due on the 4% debenture stock was not paid at maturity. V. 109, p. 1272.

STOCK.—Authorized, $45,000,000 (par of shares, $100 each), of which the $24,940,000 outstanding is owned by the Grand Trunk Ry.

The Canadian Government agreed to guarantee 3% 1st mortgage bonds for an amount up to 75% of the cost of construction of the Western division, such amount (*a*) in the case of the Prairie Section not to exceed $13,000 per mile, or £3,210,000 in all; and (*b*) three-quarters of total cost per mile from the mountains to Pacific Coast, called Mountain Section. Total issue, £14,000,000; Royal Trust Co., Canada, trustee. V. 80, p. 996, 1234, 1363; V. 81, p. 507, 613; V. 89, p. 224, 286; V. 91, p. 214, 276. Although the mortgage to secure the 3% bonds guaranteed by the Government ranks before the mtges. securing A and B bonds guaranteed by the Grand Trunk Ry. of Canada, yet an agreement schedule to an Act of 1904 provides in effect that in the event of default by the company for 5 years in payment of the int. on the 3% bonds, the remedy of the Government shall be to put in a manager with the concurrence of the company to operate the Western Division and to collect and distribute net earnings of each particular division *pari passu* between the holders of the bonds guar. by the Govt. and the holders of the bonds guar. by the Grand Trunk Ry. Co. in the proportion of 75% of such earnings to the holders of the Govt. bonds and 25% to the holders of the bonds of this division guar. by the Grand Trunk Ry. Co.

HISTORY.—See V. 106, p. 395

NATIONALIZATION.—The Governor-General of Canada on Nov. 10 1919 signed a bill looking to the acquisition by the Government of the entire capital stock of the company, except the £12,500,000 4% Guaranteed stock. A board of three arbitrators (Sir Walter Cassils, Sir Thomas White and William Howard Taft) were appointed to determine what should be paid for the stock.

The arbitration proceedings came to an end on July 8 1921, and on Sept. 7 1921 the Board's decision was made public, the arbitrators issuing a majority opinion that the pref. and common stock is worthless. V. 113, p. 1155, 1471, 1674, 2185, 2720; V. 115, p. 543, 2267; V. 117, p. 1347.

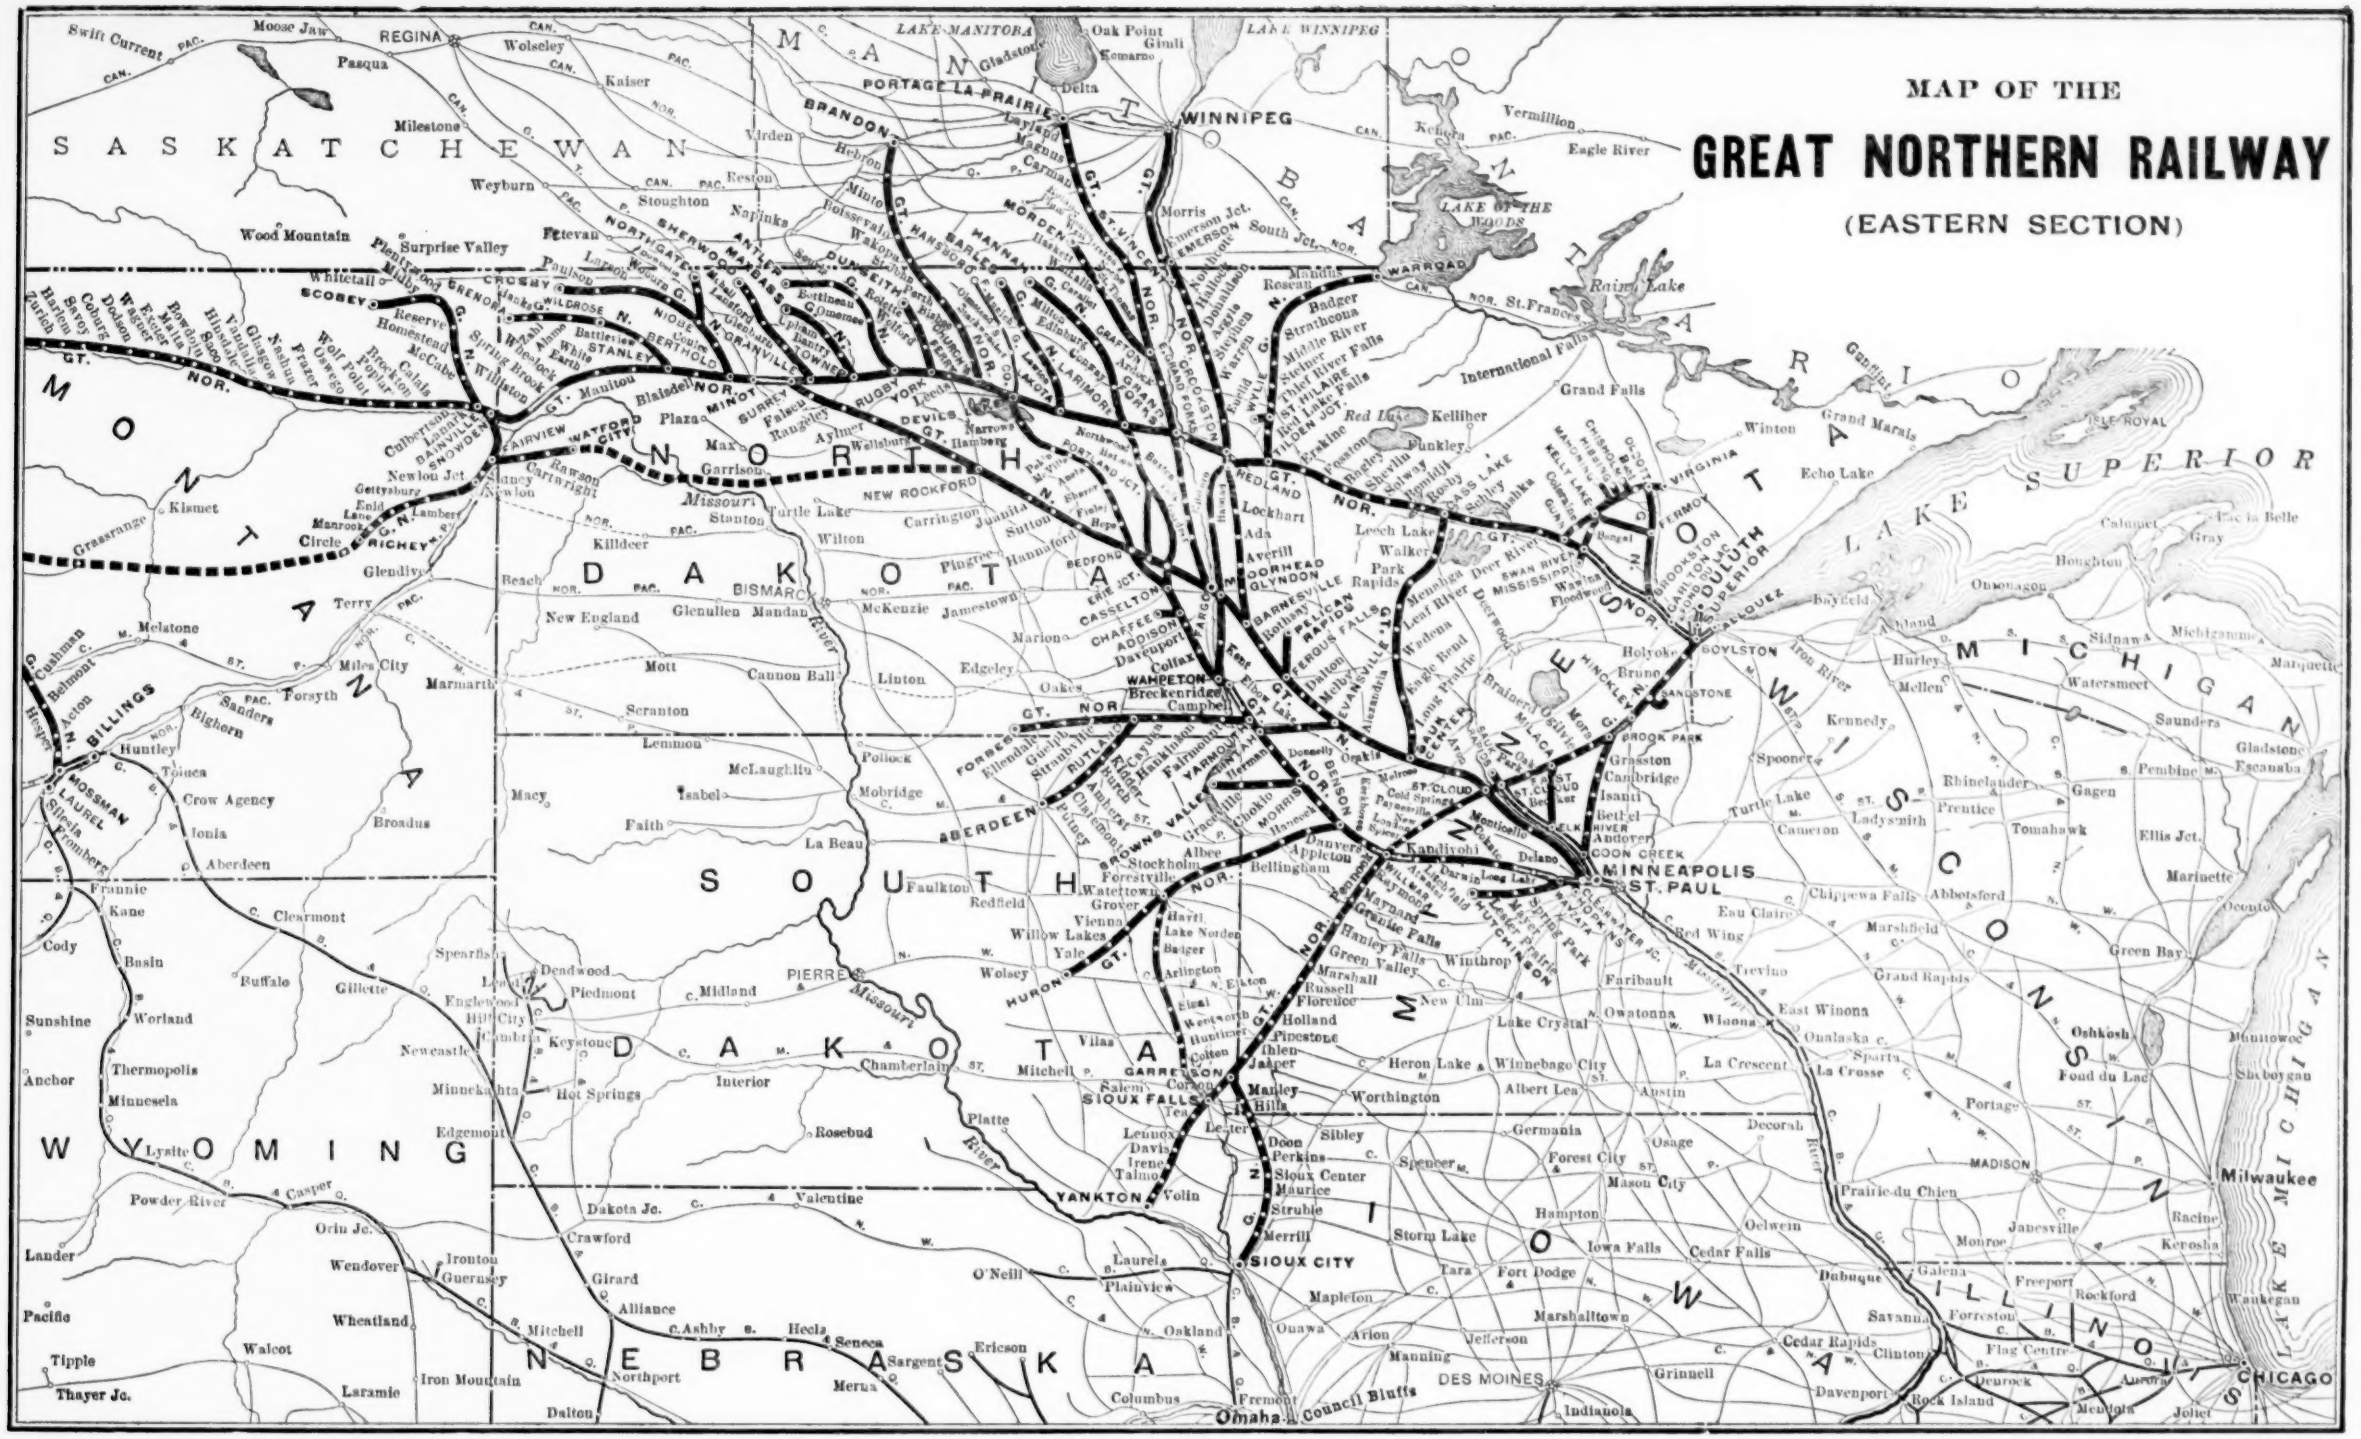
The Governor-General of Canada on May 11 1920 signed the amended bill for the purchase by the Dominion Government of the stock control of this company. The committee of management as announced May 21 includes: Chairman, Howard G. Kelley, Pres. Gr. Trunk Ry.; (*a*) representing Canadian Govt.: C. A. Hayes, at present V.-Pres. of Canadian National Rys., in charge of traffic, and S. J. Hungerford, Asst. to the V.-Pres. of the Canadian Nat. Rys.; (*b*) representing the Grand Trunk Ry. Co.: W. D. Robb, V.-Pres. of the Grand Trunk, in charge of transportation, &c.; Frank Scott, V.-Pres. & Treas. of Grand Trunk Ry.

The shareholders ratified the plan Feb. 19 1920. New guaranteed stock to the amount of their aggregated appraised value will be issued in exchange for these old stocks in proportions to be determined by the arbitrators, and dividends on such new stock at 4% per annum will be guaranteed by the Canadian Government; provided, however, that the Government shall not be obligated to pay in any year in excess of $5,000,000 as dividends on: (*a*) the present £12,500,000 4% guaranteed stock, and (*b*) the new 4% stock that will replace the present First, Second and Third Pref. shares. V. 109, p. 1891. As to liabilities to be met by Canadian Govt., see V. 109, p. 1986.

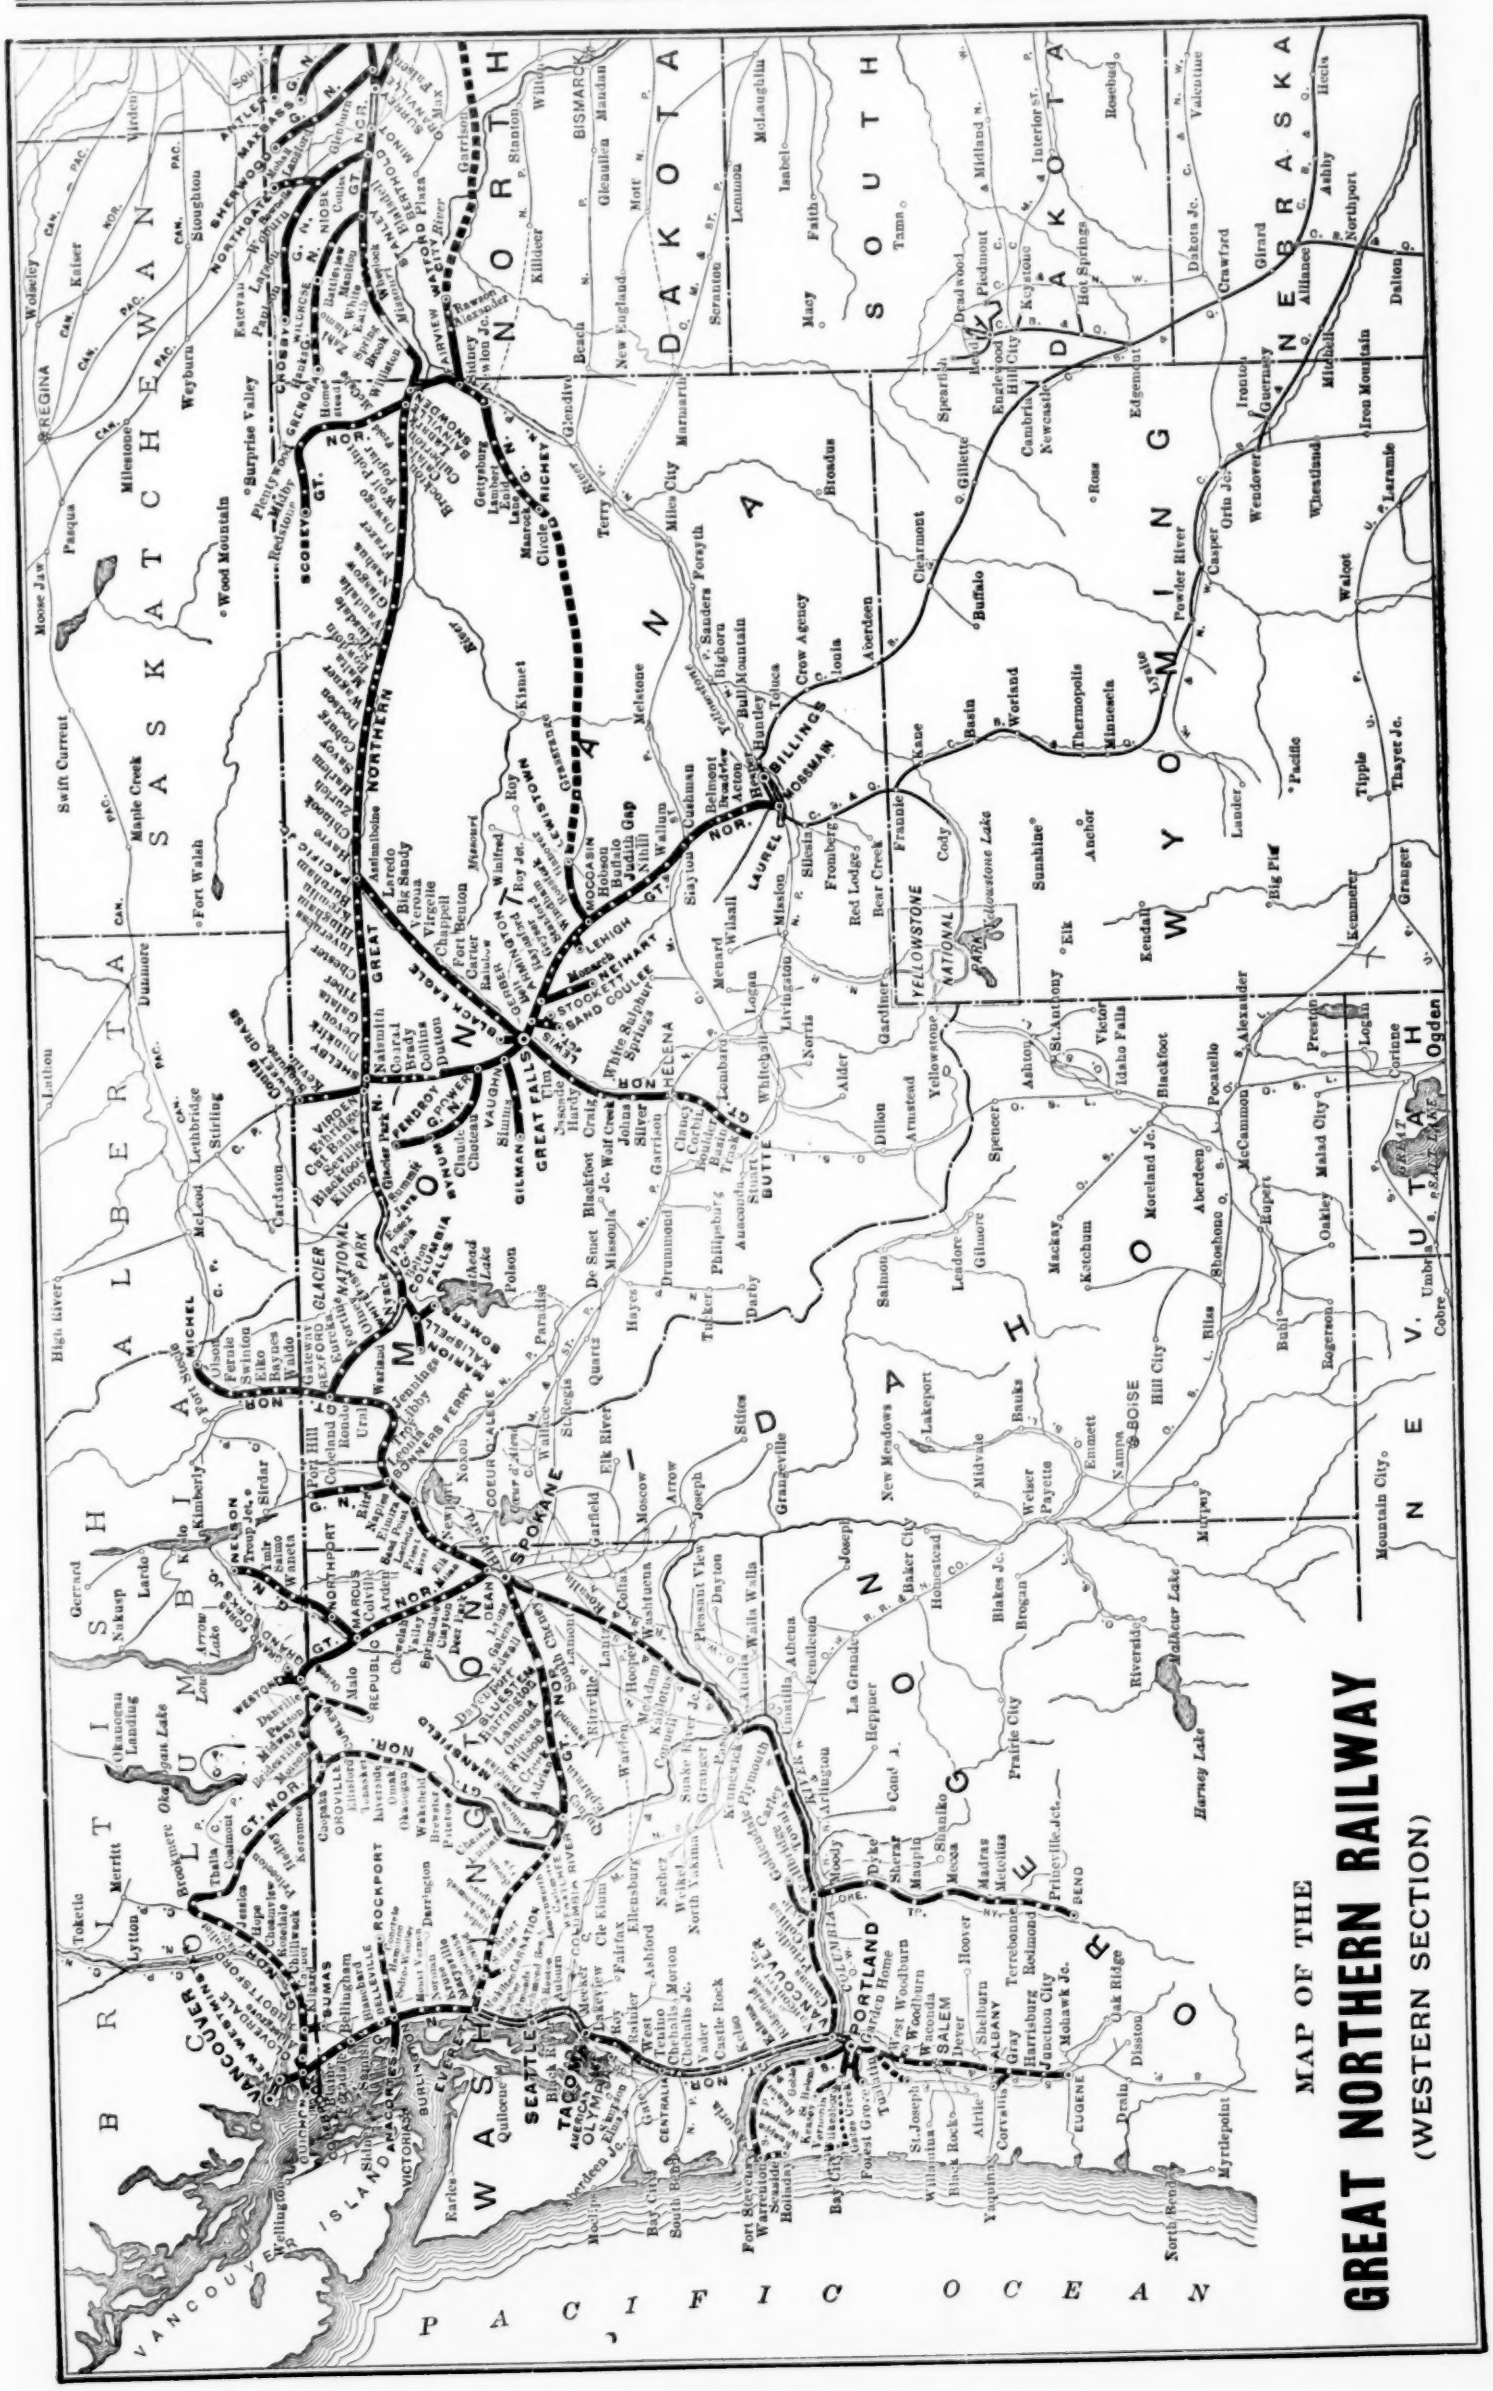
The Government will also guarantee the dividends on the present 4% Guaranteed stock and the interest on the company's debenture stock issues, all these securities at the same time parting with their voting power. The present 4% guaranteed and also the new guaranteed stock will be made subject to call at par and dividends. Compare V. 112, p. 1740.

A committee of management, consisting of five persons, is to be formed to insure the operation of the road as far as possible in harmony with the Canadian National lines, the two systems being treated in the public interest as nearly as possible as one system, pending completion of the aforesaid purchase of stock by the Government. The Government will also be authorized to lend to the committee of management such sums as may be necessary for the carrying on of the railway. Upon the transfer to the Government of the preference and common stock, the Government may provide for the discharge of the receivership of the Grand Trunk Pacific Ry. System. V. 109, p. 1527, 1609, 1891; V. 108, p. 2122, 1390, 1274. Government aid as to rolling stock, V. 107, p. 82.

The shareholders on May 12 1921 ratified an agreement between the management and the Canadian Government providing for the transfer of the control of the railway to the Government during May 1921. V. 112, p. 1519, 1740, 1977, 2083, 2190.



Official circular dated Feb. 2 1920, giving history of negotiations with the Canadian Govt. and text of amended agreement. V. 110, p. 2291.



On Feb. 1 1923 Prime Minister Mackenzie King announced that the coordination of the Canadian National and Grand Trunk Ry. systems had been carried out. See Canadian National Rys above.

On Dec. 31 1920 Gt. Nor. and Nor. See circular, V. 72, p. 871, 1034, 1135, and application to I.st, V. 73, p. 294, 903; V. 85, p. 600. Through the declaration of a stock dividend by the C. B. & Q. of 54.132% ($60,000,000) to stockholders of record Mar. 31 1921, these holdings were increased to $165,867,400 out of a total of $170,839,100.

In April 1921 a syndicate headed by J. P. Morgan & Co. and First Nat. Bank, New York, offered an issue of $230,000,000 Northern Pacific-Great Northern Joint 15-year 6½% convertible gold bonds (C. B. & Q. collateral) due July 1 1936, at 96½ and int. The C. B. & Q. collateral joint 4% bonds due July 1 1921, with final coupon attached, were accepted in payment at 100 and int. to date of payment on allotments.

Bonds are to be the joint obligations of the Northern Pacific Ry. and of the Great Northern Ry., and are secured by pledge of the following collateral conservatively valued at an amount in excess of 120% of the principal amount of this issue:

1,658,674 shares of the capital stock of the Chic. Burl. & Qiuncy RR.
$33,000,000 North. Pacific Ry. Ref. & Impt. M. 6% bds., ser. B, due 2047.
$33,000,000 Great Northern Ry. Gen. M. 7% bds., ser. A, due 1936.

The bonds are redeemable as a whole or in amounts of not less than $5,000,000 at 103½ and int.

In the indenture securing the bonds the Northern Pacific and Great Northern Ry. cos. have covenanted that, in the event of any mortgage being placed on the properties junior, respectively, to the Northern Pacific Ref. & Imp. M. and to the Great Northern Gen. M., such new mortgages will secure the Joint 6½% bonds outstanding by a lien pari passu with that securing such new bonds.

The indenture also provides that if the amount of that issue is reduced through conversion or retirement the bonds and stock deposited as collateral may be withdrawn proportionately by the respective companies.

The bonds are convertible into Northern Pacific Ref. & Imp. M. 6% bonds, Series B, due 2047, or into Great Northern Gen. M. 7% bonds, Series A, due 1936, part of which issues are deposited as collateral and of which an additional amount is reserved, sufficient to provide for the conversion of the Joint 6½% bonds.

The conversion may be exercised by the holder of Joint 6½% bonds with a view to obtaining a like principal amount of bonds, either all in the Ref. & Imp. M. 6% bonds, Series B, of the Northern Pacific, due 2047; all in the Gen. M. 7% bonds, Series A, of the Great Northern, due 1936, or in bonds of both issues in any ratio between the two which the holder may desire, but not more than $115,000,000 of either of such bonds will be issued in conversion.

As Joint 6½% bonds are presented for conversion, the trustee will withdraw from the deposited collateral a proportionate amount of C. B. & Q. stock and will deposit such stock with the trustee of the Northern Pacific Ref. & Imp. M., or the trustee of the Great Northern Gen. M., as required by the demand for conversion, and will deliver such Northern Pacific or Great Northern bonds, as the case may be, in exchange for the Joint 6½% bonds presented for conversion. At the time of conversion an adjustment of accrued interest will be made between the Joint 6½% bonds presented for conversion and the mortgage bonds issued in exchange. Compare V. 112, p. 1866.

The G. N. Ry. Co.'s portion, $115,000,000, has been converted into a like amount of gen. mtge. 7% bonds and proportionate amount of Burlington stock has been released from lien of the joint indenture and pledged under the gen. mtge. The remaining outstanding joint convert. bonds (the Northern Pacific's portion not converted) were called for redemption July 27 1922 at 103½ and int. V. 114, p. 2240.

The Gen. Mtge. bonds are secured by a mortgage covering the entire railroad property of the Great Northern Ry. in the U. S., subject to existing debt, and, in addition, by pledge of $36,332,000 Ref. M. bonds secured by

NEW LINES.—On Mar. 19 1913 an agreement was signed between the city and this company (V. 94, p. 1507, 1565; V. 96, p. 62, 359, 1701) and the Brooklyn Rapid Transit Company, providing for the establishment of comprehensive dual systems of rapid transit serving all boroughs.

The official statement to the N. Y. Stock Exchange, dated June 30 1913 was published in "Chronicle" of Aug. 16 1913, pages 450 to 455, giving full particulars as to new contracts, bonds, &c. See also V. 97, p. 744, 1024.

Subway Leases, New and Old, to Run 49 Years—Re-Capture.

The lease by the city to the company of the new subways is for 49 years from Jan. 1 1917, but if their completion should be delayed through no fault of the company, the beginning of the term will be correspondingly postponed (date now set Jan. 1 1919); subject, however, to the city's right of recapture after 10 years.

The leases of the original subways as modified expire contemporaneously with the lease of the new subways, but are not subject to termination by notice except as portions thereof may be taken over in substitution for the 7th Ave. branch or the Lexington Ave. branch of the new subways in order to complete a direct longitudinal line, either upon the East Side or upon the West Side of the city. As to the old contracts, Nos. 1 and 2, see this Section, issue of Feb. 1913 and V. 96, p. 1701.

The authorizations and licenses for the elevated railway extensions and additional tracks are for 85 years from the beginning of operation, and are respectively subject to the right of the city to purchase and take the property at any time after 10 years upon payment therefor.

Under the pooling agreement with the city which became effective Jan. 1 1919, all the receipts of the old and new lines of the Interborough system, with the exception of the old elevated lines, will be placed in a common pool, from which will be deducted taxes, maintenance, operating expenses, depreciation, the company's preferential and interest and sinking fund payments upon the city's and the company's investments in the new lines. After these charges are paid the amount of revenue remaining will be divided equally between the city and the company. V. 107, p. 501, 401.

Interest on the securities issued to construct and equip the new lines was a charge to construction until, and to the extent of, the completion and commencement of operation of the new lines. Under its contracts with the city the company was reported in Jan. 1919 to be entitled to take, on basis of convertible note issue of 1918, out of the revenues of the Interborough Rapid Transit system, an annual sum which, with $500,000 other corporate income, will provide $17,620,072, as compared with $13,101,255 required for interest and sinking fund on all bonds and notes outstanding in the hands of the public; but in Jan. 1919 not over $9,700,000 of the sum last named was expected to be a charge against the earnings of the year 1919, owing to the delay in putting the new lines in operation. See below and V. 108, p. 171, 268; V. 107, p. 1100

are to be paid before the city becomes entitled to the interest on its investment under its 1913 subway contract with the company. The amounts payable to the company out of the revenues of its elevated lines (compound interest being allowable on any deficiency in any fiscal year) are to be paid before the city shares any profit from the operation of the elevated lines.

When the profits from the operation of the *subway system* exceed the amount of the company's annual prior claim, and after all accumulated deductions (with interest thereon) shall have been made up to the company the profits then remaining are to go to the city until the percentage of the city's return upon its investment shall equal the percentage of the return received by the company; and thereafter excess profits will be divided equally between the city and the company. The profits from the *elevated system* and connections, after all the company's accumulations shall have been made up, are to be divided equally between the city and the company.

Readjustment Plan, Dated May 1 1922.

The plan of readjustment for the Manhattan Elevated and Interborough properties, outlined below, has been accepted by the security holders concerned, it was announced Oct. 8 1922 (V. 115, p. 1730). The main purpose of the plan is to provide for the capital requirements and arrears of the Interborough system, estimated at about $30,000,000, and to readjust the Manhattan dividend rental. Under the plan the Interborough Consolidated Corp., which is the successor to the Interborough-Metropolitan Co. as the holding company controlling the Interborough Rapid Transit Co., will disappear with its $45,740,500 of preferred stock and its 932,626 no par shares of common stock and its $63,808,000 of Coll Trust 4½% bonds. In place of these securities the $35,000,000 of Interborough Rapid Transit Co. stock will remain. V. 114, p. 2011; V. 115, p. 2159.

Summary of the Main Features of the Plan.

Manhattan Rental.—The Manhattan rental is to be payable out of the earnings of the combined systems after the payment of interest charges and is to be at the following rates:

For the fiscal year beginning July 1 1922, 3%.
For the fiscal year beginning July 1 1923, 4%.
For the fiscal year beginning July 1 1924, and subsequent years, 5%.

These preferential payments are to be cumulative and must be made to the Manhattan stockholders if the earnings exist.

In case 4% dividends should be paid in any year upon Interborough stock, any further distribution of dividends for that year is to be divided upon a prescribed basis between the Interborough stock and the Manhattan stock until the total dividends upon the Manhattan stock for that year have reached 7%.

Interborough Dividends Limited to 7%.—No divs. shall be paid upon the capital stock of the Interborough Co. (*a*) before July 1 1926, nor (*b*) out of income accruing prior to that date, nor (*c*) unless and until the foregoing Manhattan cumulative div. rental and all taxes upon the Manhattan property and all div. rentals accruing to and incl. July 1 1922 shall have been paid in full. The divs. to be paid upon the stock of the Interborough Co in any year prior to July 1 1950 shall not exceed 7%.

After July 1 1950 no div. shall be paid in excess of 7% per ann., and no other distribution of corporate assets shall be made if such payments reduce the aggregate net value of the assets of the Interborough Co. below $35,000,000 unless such div. or distribution shall have received the consent of the Manhattan directors.

Existing Current Obligations and Arrears to be Paid.—Provision is to be made for the payment of all existing current obligations, including the arrears of rentals at the present rate and taxes under the Manhattan lease down to July 1 1922, the beginning of the next fiscal year.

Maintenance and Improvement of Manhattan Property.—Provision is to be made to insure the application of a proper amount to the maintenance and improvement of the Manhattan property, including the installation of turnstiles at stations and pneumatic control doors for cars.

Sinking Fund of Interborough Bonds Waived 5 Years.—The interest payments on the Interborough 5% first mortgage bonds and on the secured notes is to continue uninterrupted, but in order to increase the amounts available for the improvement of the Interborough properties and other capital purposes, the sinking fund in respect of the Interborough 5% mortgage bonds is to be waived for a five-year period.

Interborough Notes Extended 10 Years.—90% of the $38,144,000 Interborough secured notes, maturing Sept. 1 1922, were extended for a period of ten years, the remaining 10% being paid in cash. The ext. notes will be secured by deposit of $59,602,000 1st & ref. mtge. bonds of 1966 and will be convertible into 1st & ref. 5s at 80 during the first 3 years, at 85 during the second 3 years, and at 90 during the last 4 years. Red. in whole or in part at par and int. and a premium of ¼ of 1% for each unexpired semi-annual period of the ten-year term.

New 10-Year 6% Notes (Authorized, $15,000,000; Issued, $10,500,000.)

To provide for capital expenditures the Interborough company created its 10-year 6% gold notes to the authorized amount of $15,000,000, of which $10,500,000 were issued. Until the payment of these notes the company will not sell or issue any 1st & ref. mtge. bonds, except upon the conversion of its secured conv. gold notes (or renewals or extensions thereof) or for the purpose of paying the principal of these 10-year 6% gold notes. Redeemable at par and int. plus a premium of ¼ of 1% for each unexpired semi-annual interest period of the ten-year term.

To carry out provisions of the plan a voting trust was established. Voting trustees are: Grayson M.-P. Murphy, Guy E. Tripp and Frank L. Polk. The voting trust is to continue in force until Oct. 1 1927.

For further details of plan, compare V. 114, p. 2011, 2240.

VALUATION.—V. 114, p. 1765.

DIVS.— 1907 to 1910. 1911. 1912. 1913. 1914 to '17. 1918. 1919
Since 1906.-% 9 yearly. 10½ 15 12 20% yrly. 15 2½

In July 1918 reduced div. to 2½% quar. (10% p. a.) and in Oct. 1918 and Jan. 1919 paid at that rate. In Feb. 1919 failed to declare any dividend for April 1. See V. 108, p. 878.

BONDS.—The "First and Refunding Mortgage" of 1913 is limited to $300,000,000, of which $170,000,000 was underwritten early in 1913. In June 1923 $162,106,000 was outstanding and a further $59,602,000 had been pledged to secure the Three-Year Secured Convertible 7% notes due in 1932. Listing, V. 108, p. 2629.

The bonds became Nov. 1 1913 a first lien on all leasehold and other rights of the company in (*a*) the existing subways and elevated lines (including power houses, sub-stations, equipment, real estate, &c., owned directly by the Interborough Co. subject to the city's rights under the lease) and (*b*) in the new subway and elevated line extensions and in the authorized additional tracks on the present elevated lines. Cumulative sinking fund of not less than 1% yearly of amount out began July 1918, and is to retire entire issue.

In case the city shall exercise its right of re-capture of any of the new lines, after 10 years from commencement of operation, the moneys so payable will retire all outst'g bonds issued for constructing and equipping same.

CONVERTIBLE NOTES.—See under "Readjustment Plan" above. In addition to the notes shown in table at head of page, there were outstanding on June 30 1923 three-year secured convertible 7% gold notes, dated Sept. 1 1918, as follows: Extended at 8%, $711,400; not ext., $44,600.

At a meeting of the holders of voting trust certificates representing Common stock held March 1 1924, the plan for the sale of the 74,991 shares of Common stock of the company to the New Orleans Texas & Mexico Ry. at a price of $31 a share was unanimously approved.

Plan of Reorganization Dated June 1 1922.

The reorganization managers, J. & W. Seligman & Co. and Speyer & Co., in June 1922 prepared a reorganization plan (V. 114, p. 2468). The plan was declared operative on July 5 1922.

BONDS.—1st *Mtge. Bonds.*—Total authorized amount, $40,000,000, at any one time outstanding. Interest, payable s.-a., at such rate as may from time to time be determined at the time of issue. Secured by mortgage to Equitable Trust Co., N. Y., trustee, which is to embrace except as otherwise dealt with in the carrying out of the plan, all or substantially all the lines of railroad, franchises and equipment, terminals and other property which may be vested in the new company; also all additional property of like character at any time thereafter acquired, subject, however, as to the property thereafter acquired, to existing liens thereon, and to any purchase money liens thereon created in connection with such acquisition.

Bonds may be issued in separate issues maturing on the same or different dates, and any series may be made redeemable all or part at times, on notice and at premiums, and may have such conversion privileges, as may be determined by the directors at the time of issue. The new company may have the right to retire any series, all or part, and to issue for such purposes like aggregate principal amount of bonds in another series, bearing the same or different rates of interest, &c. Provision may be made for releases of any part of the railroads of the new company or of any other property.

Series A 6% 30-year gold bonds, dated and carrying interest from July 1 1922, maturing July 1 1952, are redeemable as a whole only at 107½ and int. On Dec. 31 1923 $20,000,000 had been issued, of which $2,750,000 were pledged as collateral.

The remaining $20,000,000 1st Mtge. bonds, authorized, will be issued or reserved for issue under the regulations provided in the 1st mtge., to the extent of not exceeding $5,000,000 bonds to be issuable to a principal amount equal to the entire cost, and beyond that amount of bonds to 80% of the cost of new equipment, improvements, betterments, additions, new mileage or property, or (if permitted by law) stocks or bonds representative of new mileage or property, whether constructed or acquired by the new company or by some subsidiary company.

(2) *Adjustment Mortgage Bonds.*—Total authorized amount, $25,000,000 at any one time outstanding. Secured by mtge. to Irving Bank-Columbia Trust Co., as trustee, on the properties embraced in the new First Mtge. and from time to time becoming subject thereto. Subject to the First Mtge. and to the prior payment out of the mortgaged property of all bonds at any time issued and outstanding under the First Mortgage. Interest payable annually or semi-annually as may be provided, at such rate as may from time to time be determined by the directors at the time of issue, but required to be paid (except as to arrears, if any, of cumulative interest payable on maturity of the principal), only out of net income as defined in the mortgage.

They may be issued in separate series maturing on the same or different dates, and any series may be made redeemable, all or part, on notice and at premiums, as may be determined by the directors at the time of issue, but in all cases with accrued cumulative interest. Payment of installments of interest for any period on Adjustment Mortgage bonds of different series carrying different rates of interest shall be made in amounts which in all cases bear to each other the same proportions as the respective maximum rates of interest carried by such respective series bear to each other.

Under the Adjustment Mortgage the new company may reserve the right to retire any series, all or part, and to issue for such purposes like amounts of bonds in another series, bearing same or different rates of interest, &c.

The Adjustment Mortgage will provide that the net income applicable to the payment of interest on the Adjustment bonds shall be deemed to be its net income as that term is defined in the accounting rules of the I.-S. C Commission from time to time in force, but without deduction in ascertaining net income for interest on the Adjustment Mortgage bonds; and only such portion of the net income for each year beginning Jan. 1 as directors may determine, but not less than 50% of such net income for each such year ending prior to Jan. 1 1928 shall be required to be applied (to the extent necessary) to the payment of interest on the Adjustment bonds, and that any remaining net income to the extent of any difference between the full interest on the Adjustment bonds and the interest actually paid thereon, shall be carried into a separate account which shall be available for capital expenditures or other corporate purposes, but shall not in any year be a part of surplus available for the payment of dividends on any class of stock at the time outstanding.

After Jan. 1 1928 the interest on the Adjustment bonds at the rate borne will be cumulative, and at the maturity of the principal all arrears of cumulative interest shall be payable, but accumulations of interest shall not bear interest.

COAL PROPERTY.—Lehigh Valley RR. Co. on Dec. 31 1923 owned entire $9,465,000 stock of Lehigh Valley Coal Co. Coxe Bros., see "Bonds."

Pres. Loomis in Dec. 1920 was quoted as saying that the Lehigh Valley Coal Co. has coal reserves amounting to between 700,000,000 and 1,000,000,000 tons. V. 111, p. 2324; compare also V. 113, p. 1772.

In Jan. 1912 the Lehigh Valley Coal Sales Co. was incorporated. See extra div. below and Lehigh Valley Coal Sales Co. under "Industrials" V. 94, p. 123; V. 92, p. 956; V. 95, p. 487, 478.

The company on Feb. 7 1923 filed with the U. S. District Court for the Southern District of New York an amended plan for the segregation of its coal properties pursuant to a decree of the Court entered Feb. 24 1921 (V. 112, p. 849). The plan is a modification of the original plan filed with the Court in Oct. 1921 (V. 113, p. 1574), to which the Attorney-General of the United States filed several objections (V. 113, p. 1674, 1987). A final decree was signed by Federal Judge Learned Hand on Nov. 7 1923. The plan, given in full in V. 116, p. 576, and as supplemented by the final decree, V. 117, p. 2109, provides as follows:

1. The Lehigh Valley Coal Co. will create a new $40,000,000 50-year mortgage carrying 5% interest and protected by adequate sinking fund arrangements. This mortgage until Jan. 1 1933 will be a second mortgage on a small part of the coal company's properties, and thereafter will be a first mortgage on all its properties. Of the bonds $15,000,000 will be sold at once and the proceeds paid over to the Lehigh Valley RR. in satisfaction of all indebtedness on account of advances for capital expenditures and otherwise in the past. The proceeds will be devoted by the railroad company to the improvement of the railroad properties pledged under its general consolidated mortgage of 1903, the income from said fund, however, in the meantime to be received by the railroad company and used for general purposes.

The remaining $25,000,000 of bonds provided for by the new Lehigh Valley Coal Co. mortgage will be reserved for the purpose of retiring the present outstanding bonds of the Lehigh Valley Coal Co. when due—that is, on Jan. 1 1933—to the extent not provided for by the then existing sinking fund. The Lehigh Valley Coal Co. bonds now outstanding amount to $11,514,000, and it is estimated that the sinking fund, which now amounts to $2,871,000 par value of securities therein, will by Jan. 1 1933 with accumulations and additions have a value of at least $5,000,000, so that the bonds then to be paid off from new funds will not amount to more than $6,500,000. This will leave approximately $18,500,000 of the new mortgage bonds of the coal company available for improvements or other capital expenditures by the coal company as occasion may demand.

2. The [$9,465,000] stock of the Lehigh Valley Coal Co. is pledged with the Girard Trust Co. of Philadelphia, as trustee under the railroad company's general consolidated mortgage of Sept. 30 1903, which mortgage matures in 2003. The railroad company will sell for $1,212,160 all of its right, title and interest in the equity of redemption which it owns in said stock, also voting rights and dividends payable thereon, to a new trustee which will issue certificates for 1,212,160 shares of interest therein carrying voting rights and dividends, thus making certificates on the basis of one share of interest in Lehigh Valley Coal Co. stock for each share of Lehigh Valley RR. stock, both common and preferred. The shareholders of the railroad company will be given the right by said new trustee to subscribe to said shares of interest at the rate of $1 per share. Shares of interest not subscribed for on or before April 15 1924 will be sold by the new trustee to the Lehigh Valley Coal Co. at the rate of $1 per share.

Shareholders of the railroad company who subscribe and buy shares of interest as aforesaid will be obliged to dispose of their said shares of interest on or before Dec. 31 1927 unless in the meantime they shall have disposed of their railroad company stock. Neither the railroad company nor any corporation controlled by it, nor any person acting in its interest, shall acquire by purchase or otherwise any of said shares of interest.

3. All certificates for shares of interest as above stated shall, at the time of sale, be registered by the Lehigh Valley Coal Co. in appropriate form, in the names of the purchasers or their nominees, upon information furnished by the trustee, and thereafter transfer may be made only on the books of the coal company

4. The Girard Trust Co., as trustee under the general consolidated mortgage, holds the legal title to all of the coal company stock and gives the railroad company a proxy to vote the same, the giving of this proxy being dependent upon there being no existing default under the mortgage. After the sale of the railroad company's equity in the coal company's stock, as stated above, the trustee holding said equity will exercise its voting power for the benefit of and at the direction of the owners of the shares of interest, that is to say, the registered owners of the coal certificates as shown by the transfer book of the coal company will exercise their voting power exclusively through their trustee.

5. Upon the maturity or termination of the general consolidated mortgage, the stock of the Lehigh Valley Coal Co. will be available for distribution to the then owners of said certificates of interest and will be distributed to them accordingly, each certificate of interest entitling the holder to a pro rata share of the coal company's stock.

6. The [$2,910,150] stock of Coxe Brothers & Co., Inc., will remain in pledge under the collateral trust agreement of Nov. 1 1905 until the maturity of that agreement on Feb. 1 1926, except that the voting power in the meantime will ce assigned to a trustee to be appointed by the District Court. At the maturity of the collateral trust agreement, the stock will be sold by the Lehigh Valley RR.

7. The [$1,500,000] stock of the Delaware Susquehanna & Schuylkill RR. will remain in pledge under the collateral trust agreement also until the maturity of the agreement on Feb. 1 1926, the voting power in the meantime to be assigned to a trustee to be appointed by the District Court. In the meantime application will be made to the Inter-State Commerce Commission for authority to merge and consolidate this company with the Lehigh Valley RR., in accordance with the provisions of the Inter-State Commerce Act which permits authority to be granted notwithstanding the status of the petitioners under the Federal Anti-Trust Laws.

8. The Lehigh Valley Coal Sales Co. will negotiate and enter into a lawful sales contract with the mining companies (Lehigh Valley Coal Co. and Coxe Brothers & Co., Inc.).

MANHATTAN RY. (ELEVATED).—Owns all the elevated railroads in boroughs of Manhattan and the Bronx, N. Y. City, main line and branches, 37.67 miles, with 92.52 miles of 2d, 3d, 4th and 5th track, sidings, &c.; total track, 130.19 miles; 3d rail electric. The 2d, 3d and 9th Ave. lines, under agreement with the city made in March 1913, have been largely 3-tracked, the Interborough Rapid Transit Co. supplying funds.

LEASE.—The Interborough Rapid Transit Co. leases the road for 999 years from 1875. Divs. were originally guaranteed at rate of 7% per ann., but under terms of readjustment plan rental was reduced as follows: For fiscal year beginning July 1 1922, 3%; for fiscal year beginning July 1 1923, 4%; for fiscal year beginning July 1 1924 and subsequent years, 5%. These preferential divs. are payable out of the earnings of the combined Interborough R. T. and Manhattan Ry. systems after the payment of interest charges, and are to be cumulative. In case 4% divs. should be paid in any year upon I.R.T. stock, any further distribution for that year is to be divided upon a prescribed basis between the Interborough stock and the Manhattan stock until the total divs. upon the Manhattan stock for that year have reached 7%. See Interborough Rapid Transit Co. above.

Supreme Court Justice Ford, in a decision handed down Feb. 13 1924 in a Manhattan stockholder's suit to recover from the Interborough company back dividends on the Manhattan guaranteed stock, held that the Interborough company must pay the 7% dividend rental to stockholders who declined to participate in the Interborough-Manhattan readjustment plan. V. 118, p. 794. A similar decision was handed down by Justice Mullan in May 1924. V. 118, p. 2437.

Co. payable on Nov. 1 1923, being arrears of divs. at 7% per ann. up to and incl. div. due July 1 1922 (V. 115, p. 2580); Apr. 2 1923 paid ¾% guar.; July 2 1923 paid 60 cents per share; Oct. 8 1923 paid 1% quarterly; Jan. 1924 dividend was omitted; April 1924 paid 1%.

A dividend of 2% was declared payable April 15 1922, but payment of this div. was enjoined by the U. S. District Court of Minnesota following a suit brought by two stockholders involving the question of rights of pref and common stockholders. In Dec. 1922 the directors declared 2% payable Dec. 28 1922, this payment also being enjoined by another suit brought by the same plaintiffs. See V. 116, p. 2123. In May 1923 a decision was rendered in favor of the directors. V. 116, p. 2129; V. 115, p. 869, 1429, 1532, 2581, 2685. On Oct. 15 1923 the U. S. Supreme Court denied an appeal in the suit. Compare V. 117, p. 1775. On Dec. 17 1923 paid 4% on both the common and preferred stocks.

BONDS.—Can. Pac. guarantees 4% int. on all old bonds assenting to a reduction of int. to 4%; also on consols of 1888. (See V. 50, p. 784; V. 51, p. 239.) All but $4,000 Minn. S. S. M. & Atl. bonds and practically all other issues assented. Abstract of *Minn. Sault Ste. Marie & Atlantic* mtge. in V. 45, p. 243; Can. Pac. Ry. Co. on Dec. 31 1923 owned $3,993,000 of the M. St. P. & S. Ste. M. 1st 4s. The *Consolidated mortgage* of 1888, abstract V. 47, p. 142, was for $21,000,000 on 800 miles (sufficient of this reserved to retire prior bonds) and for $20,000 per mile on all additions. Outstanding amount is, however, restricted to three times the stock. V. 94, p. 351; V. 73, p. 185; V. 78, p. 820; V. 79, p. 1332; V. 80, p. 651; V. 87, p. 1011, 1664; V. 89, p. 779; V. 91, p. 1026; V. 95, p. 544; V. 98, p. 1316; V. 100, p. 812; V. 103, p. 321; V. 106, p. 1126. As to 2d 4s, see V. 68, p. 669, 771, 977; V. 71, p. 845; V. 85, p. 1646; V. 96, p. 1089.

The Central Terminal 1st M. 30-year gold 4s ($20,000,000 auth.) are secured under a joint mtge. with Central Terminal Ry. on Chicago terminals of Minn. St. P. & S. S. M. and Can. Pac. system lines. They are subject to call on any interest date beginning Nov. 1 1916 as a whole at 105 and must be called yearly, beginning Nov. 1 1916, at 102½ by a sinking fund sufficient to retire issue at or before maturity if not purchasable for less. The $6,000,000 bonds sold represent cash investment equal at least to their par value, the remainder being reserves for not exceeding 80% of cost of extensions and improvements; in sinking fund Dec. 31 1923, $1,324,000. V. 93, p. 1463; V. 95, p. 745.

The ref. mtge. closes all prior bond issues of the company, at the amount now outstanding, $72,147,000. It authorizes the issue of bonds in series, with interest rate and maturity fixed for each series at the time of issue. The authorized issue is limited so that the amount at any one time outstanding, together with all outstanding prior mortgage obligations defined in the mortgage, shall never exceed three times the outstanding capital stock. An annual sinking fund, payable July 1 1922, and on July 1 in each year thereafter, of 1% of the Series "A" bonds from time to time outstanding in the hands of the public, will purchase bonds at not exceeding par and interest. V. 114, p. 1180.

The $10,000,000 6½% collateral trust gold bonds due Sept. 1 1931 are secured by pledge of $12,500,000 25-year 1st ref. mtge. 6% gold bonds, Series "A." V. 113, p. 1156.

The Reorganization Managers, J. & W. Seligman & Co. and Hallgarten & Co., New York, announced a Plan of Reorganization, dated Nov. 1 1921, an outline of which is given below (for details in full, see V. 113, p. 2311.) The plan was declared operative in Jan. 1922, V. 114, p. 198. Sale of road, V. 115, p. 2794; V. 116, p. 616, 721. New securities ready for delivery, V. 116, p. 1411.

The new company authorized the following securities:

Prior Lien Mortgage Bonds.—The prior lien mortgage bonds will be limited to the total authorized amount of $250,000,000 at any one time outstanding. They will bear interest, payable semi-annually, at such rate as may from time to time be determined by the directors at the time of issue and be stated in the bonds, and are to be secured by mortgage and deed of trust to Central Union Trust Co. of N. Y. and Daniel R. Catlin as trustees, which is to embrace, except as otherwise dealt with in the carrying out of the plan, all or substantially all the lines of railroad, franchises and equipment, terminals and other property (including underlying bonds deposited under the plan and stocks and bonds of subsidiary companies) which may be vested in the new company pursuant to the plan and also all additional property of like character (including stocks and bonds of subsidiary companies) at any time thereafter acquired by the new company subject to existing liens or purchase money liens thereon. A further $6,226,777 series C bonds are in the hands of the reorganization managers and may be issued for refunding, purchasing, &c., various bonds and obligations.

The Reorganization Managers may, in their discretion, procure the issue of additional prior lien mortgage bonds to the extent that additions and betterments made to the system during the Federal control period, which the receiver advises are in the neighborhood of $8,000,000, may be funded, or to the extent that other claims of the Director-General against the system may be settled by such issue, or to provide for further receivers' certificates which may hereafter be issued pending completion of the reorganization. Such additional bonds may be of any series authorized under the prior lien mortgage and in the event of such issue the amount of prior lien mortgage bonds reserved for future issue will be reduced by the like amount.

Cumulative Adjustment Mortgage Gold Bonds.—The adjustment mortgage bonds will be limited to the total authorized amount of $100,000,000 at any one time outstanding. They are to be secured by mortgage and deed of trust to Irving Bank-Columbia Trust Co. and Thos. S. Moffett as trustees, on the properties embraced in the prior lien mtge. and from time to time becoming subject thereto. The adjustment mtge. will be subject to the prior lien mortgage. Bonds are to bear interest payable annually or semi-annually at such rate not exceeding 7% per annum as may from time to time be determined by the directors at the time of issue, but required to be paid, prior to the maturity of the principal, only out of the net income of the new company as shall be defined in the adjustment mortgage. The interest will be cumulative from and after Jan. 1 1925, but accumulations of interest shall not bear interest. At the maturity of the principal, all arrears of cumulative interest shall be payable. The bonds may be issued in separate series, maturing on the same or different dates, and any series may be made redeemable in whole or in part at times, on notice and at premiums, as may be determined by the directors at the time of issue. The bonds of any series may be made convertible into preferred stock at such rate or rates, in such manner, under such regulations and during such periods as shall be authorized in the adjustment mortgage.

The adjustment mortgage bonds are to be applied as follows:

In respect of existing securities dealt with under the plan, for settlement of secured claims, or for other reorganization purposes		$51,973,756
To be offered to stockholders		5,526,244
To be issued or reserved for issue under such regulations and restrictions as the Reorganization Managers may determine, and as shall be set forth in the adjustment mortgage, to a principal amount equal to that part in respect of which prior lien mortgage bonds shall not be issued of the entire cost of new equipment, improvements, betterments and additions constructed or acquired by the new company or some subsidiary company, the cost of construction by the new company or some subsidiary company of new mileage or the cost of the acquisition by the new company or some sub. co. of other lines of railroad or stocks or bonds representative thereof		42,500,000
		$100,000,000

The adjustment mortgage bonds presently to be issued and delivered under the plan will be of series A 5% ranking for interest from Jan. 1 1922, maturing Jan. 1 1967, redeemable in whole or in part at par and accrued int. and convertible prior to Jan. 1 1932 into pref. stock series A 7%, at the rate of 10 shares for each $1,000 bonds with adjustment of int. and div.

Preferred Stock.—The preferred stock will be authorized to the amount of $200,000,000, divided into 2,000,000 shares of the par value of $100 each. The preferred stock may be issued in series. Each series shall carry dividends at such rate, not exceeding 8% per annum, as may be determined by the directors and any series may be made redeemable in whole or in part on such terms, on such notice and at such premium, if any, as may be determined by the directors and be stated in the certificates therefor. Dividends will be cumulative from and after Jan. 1 1928 or later issue. In the event of any liquidation, dissolution or winding up, whether voluntary or involuntary, the holders of the preferred stock shall be entitled to be paid in full out of the assets of the company $100 per share of their stock and all arrears in cumulative dividends, before any amount shall be paid out of said assets to the holders of the common stock, but they shall not be entitled to any other or further distribution of assets. Provision is to be made that no additional mortgage is to be put on the property becoming vested in the new company pursuant to the plan except with the consent of the holders of a majority of such part of the preferred stock at the time outstanding.

READJUSTMENT OF DEBT. (Compare advertisement in "Chronicle" of July 14 1923, page xxviii).

The International Committee of Bankers of Mexico in July 1923 announced that bondholders desiring to participate in the plan for the readjustment of the Mexican debt (V. 115, p. 1153) may do so by depositing their bonds with the authorized depositaries. The plan in brief provides as follows:

(1) The Mexican Government undertakes to set aside annually toward the payment of interest on the bonds after Jan. 2 1923: (*a*) The entire proceeds of the oil export tax; (*b*) 10% of the gross revenues of National Railways of Mexico; (*c*) the entire net operating revenues of such railways. In any event the Government agrees to provide for such current interest an annual fund amounting to not less than 30,000,000 pesos ($15,000,000 U. S. gold) during the first year; and increasing by 5,000,000 pesos ($2,500,000 U. S. gold) per annum for each of the ensuing four years, bringing the annual fund up to 50,000,000 pesos ($25,000,000 U. S. gold) in the fifth year, to be used for the payment in cash of the interest due on the bonds dealt with (compare table in "Chronicle" of July 14 1923, p. xxviii). The balance of such interest will be dealt witn in 20-year scrip, not bearing any interest during the first five years, but, for the balance of 15 years, bearing interest at the rate of 3% per annum, payable half-yearly. Any excess of the allocated revenues over the minimum fund in any year may be applied to the purchase or redemption of such scrip; but the committee has the power, under certain conditions and in its sole discretion to determine the disposition of any such excess, in the interest of the bondholders and the general plan during the year 1923.

(2) The interest coupons maturing on or before Jan. 2 1923 and included in the plan, with respect to bonds, are to be detached by the respective depositaries and lodged with Guaranty Trust Co. of N. Y. as depositary against the issue of receipts to an equivalent face amount. Such receipts are to be purchased or redeemed by the Government from a fund sufficient to retire them in full, during a period of forty years, beginning Jan. 1 1928. The receipts will be of two kinds—Class "A" and Class "B"; Class "A" to be retired completely prior to Class "B"—which will be issued in the approximate proportions stated in the schedule (see table in "Chronicle" of July 14 1923, p. xxviii) to the deposit agreement and hereinbefore set forth.

(3) The Government is to make prompt return of the National Railways to private management. It recognizes its obligations to restore such railways, including rolling stock, to their condition at the time the Government took over the railway lines. The Government has agreed to assume the payment of principal, interest and sinking fund of outstanding bonds of the National Railway System, listed hereinbefore, subject to the provisions set forth as to the payments during the five-year period. The liens created by the existing mortgages are not to be enforced unless the Government fails to carry out its obligations under the plan; in which event such liens may be enforced in favor of the respective bondholders.

(4) The matured notes of the National Railways of Mexico are to be extended for a period of ten years from Jan. 1 1923, with interest at 5% per annum for the first five years beginning in 1923 and at 6% per annum thereafter.

The following notes are to be extended to Jan. 1 1933, with interest at the rate of 6% per annum: National Railways of Mexico 6% Secured Gold Notes, maturing up to Jan. 1 1917.

The following issues are to be extended to Jan. 1 1933, with interest at the rate of 6% per annum after maturity to Jan. 1 1933: National RR. Co. of Mexico Prior Lien 4½% Bonds (No. 17); Mexican Central Ry. Co., Ltd., 5% Equipment Notes (No. 24).

(5) All sinking funds are to be postponed for a period not to exceed five years from Jan. 1 1923.

The purpose of the Refunding and Impt. Mtge. was to provide for future financing of the N. Y. Cent. & Hud. River and the consolidated company, and for the unification of the debt. The bonds are issuable in series, all due Oct. 1 2013, but bearing date of April 1 or Oct. 1 next preceding the date on which the series is authorized, and carrying interest at such rates, subject to call at such dates, and prices, and with such provisions as to conversion, &c., as shall be fixed for successive series. V. 96, p. 1424.

The amount of bonds which may be issued under the Ref. and Imp. M. is not limited to a stated amount, but is determined by standards set up in the mortgage itself, and those standards are believed to be such that a bondholder will be indifferent as to the amount of bonds which may be outstanding under the mortgage, so long as the standards are complied with. The amount of Ref. & Impt. M. bonds outstanding cannot exceed three times the amount of the capital stock as from time to time increased.

NEW YORK CENTRAL LINES.—The N. Y. Central Lines equip. trusts cover engines, passenger cars and freight cars used by various lines of the system, which jointly and severally agree to pay prin. and int., the larger part being for N. Y. Central. V. 117, p. 1556.

NEW YORK CHICAGO AND ST. LOUIS RR. CO. (THE).—This company was formed in 1923 under laws of N. Y., Pa., Ohio, Ind. and Ill. as a consolidation of the New York Chicago & St. Louis RR., Chicago & State Line RR., Toledo St. Louis & Western RR., Lake Erie & Western RR. and Fort Wayne Cincinnati & Louisville RR. The consolidated company operates 1,695 miles of road, its main line extending from Buffalo through Cleveland to the three Mid-Western gateways at Chicago, Peoria and St. Louis. Its lines also reach Fort Wayne, Indianapolis, and the important Lake ports of Sandusky and Toledo and the company also owns half the capital stock of the Detroit & Toledo Shore Line Ry., connecting Toledo with Detroit.

Consolidation Plan.—(V. 116, p. 721):

The agreement and articles of consolidation were entered into by the directors of the constituent companies on Dec. 28 1922. Ratification by the stockholders, and compliances with the requirements of State statutes, were completed on April 11 1923, on which date the consolidation became effective. On June 18 1923 the I.-S. C. Commission issued a certificate of public convenience and necessity authorizing the acquisition, and operation in inter-State commerce, of the lines of railroad of the constituent companies by the consolidated corporation, and approved the necessary issue of securities.

The total capital stock of the consolidated company authorized by the agreement and articles of consolidation is $105,500,000, of which $45,880,000 is to be preferred stock and $59,620,000 is to be common stock. The amount of stock authorized by the I.-S. C. Commission to be presently issued in exchange for the stocks of the constituent companies is $78,967,900, of which $32,720,000 is preferred stock and $46,247,900 is common stock. On Dec. 31 1923 capital stock of the constituent companies amounting to $78,468,800 par value had been exchanged, par for par, for stock of this company, leaving a stock liability for conversion under the agreement and articles of consolidation of $499,100. A part of the stock which will be issued to discharge that liability will be contributed to the company pursuant to the agreement. Because of contributions by stockholders and other adjustments incident to the consolidation, the company holds in its treasury, out of the total of $78,468,800 issued and exchanged to Dec. 31 1923, fully paid preferred stock of the par value of $6,785,714 and fully paid common stock of the par value of $15,751,596.

The note was reduced by payment on account from $43,964,000 to $43,026,500. A new note in this latter amount, dated Nov. 1 1920 and payable Oct. 31 1930, was given to the Director-General to replace the note for $43,964,000, dated April 15 1918 and reduced by payments to $43,026,500, and $50,620,000 of 1st & Ref. M. bonds were deposited with the U. S as collateral security therefor. A note in the amount of $17,000,000 dated Nov. 1 1920 and due Mar. 1 1930 with interest at 6%, was given to the U. S. to refund indebtedness of the company incurred during the period of Federal control, and 1st & Ref. M. bonds in the amount of $20,000,000 were deposited as collateral security therefor. A 6% collateral gold note for $4,290,000 due April 1 1925 was issued to the Director-General of Railroads during 1922. The company also issued its notes, payable in 15 years from date, to the U. M. bonds to the amount of $9,565,000 as collateral security.

Further loan under the Revolving Fund of $8,000,000 was certified by the Inter-State Commerce Commission on Aug. 29 1921. Two ten-year notes in the respective amounts of $3,000,000 (dated Sept. 15 1921) and $5,000,000 (dated Oct. 15 1921) were given to U. S. in return therefor. 1st & Ref. M. bonds of Series "B" in the amount of $4,775,000 were pledged as collateral security for the $3,000,000 note, while certain stocks and bonds of other carriers were deposited with the U. S. as security for the $5,000,000 note.

On Nov. 1 1921 a further loan of $400,000 covering equipment purchased under Trust "EE" was made and equipment trust notes Class "B" amounting to $400,000 and first and refunding mortgage bonds, Series "B," amounting to $660,000 deposited as collateral security. $100,000 of the above loan have since been paid off, releasing a corresponding amount of "EE" trust certificates which were canceled.

On May 26 1922 a further loan of $500,000 covering equipment purchased under trust "EE" was made and equipment notes class A and B amounting to $600,000 deposited as collateral security.

PENNSYLVANIA-DETROIT RR. CO.—Incorp. in Mich. Feb. 27 1917 with authority to construct and operate a line of railroad in that State. Its outstanding capital stock is $5,000,000, all of which, except directors' qualifying shares, is owned by the Pennsylvania RR. It has no bonds outstanding, but as of May 31 1923 its non-negotiable debt to affiliated companies amounted to $5,867,284, representing construction expenditures, chiefly moneys advanced by the Pennsylvania. Construction work was begun in 1917 and the line opened for passenger traffic on Jan. 1 1923 and for freight traffic on May 1 1923. The entire project, however, is not yet completed. The railroad of the company extends from a connection with the Pere Marquette Ry. at Carleton, Mich., in a northerly direction to a connection with the Wabash Ry. at Detroit, a distance of about 19.96 miles. It also owns certain extensions and branches in and near Detroit, Mich., having an aggregate length of about 8.98 miles. The total length of its owned railroad is about 28.95 miles. In addition it has trackage rights in and near Detroit over the Wabash, Pere Marquette and Fort Street Union Depot railways amounting to about 21.11 miles. It also has trackage rights over the Pere Marquette Ry. between Carleton, Mich., and Alexis Junction, O., a distance of about 25.33 miles. Between Alexis Junction, O., and Toledo, O., a distance of about 4.37 miles, it operates over the Ann Arbor RR. The total distance operated under trackage rights is about 50.81 miles.

The Inter-State Commerce Commission in Sept. 1923 approved the lease of the property to the Pennsylvania RR.

By the terms of the proposed lease (which runs for 999 years from June 1 1923) the Pennsylvania agrees to maintain and operate the leased railroad and to pay to the Detroit company, as rental, a sum equivalent to 5% per annum on the aggregate par value of the Detroit company's issued and outstanding capital stock, and such percentage as may be agreed to upon any additional capital stock that may be issued after Jan. 1 1923 by the Detroit company with the approval of the Pennsylvania. The Pennsylvania is also to pay all taxes as they shall accrue and a sum each year sufficient to pay all installments of interest and sinking funds when due and payable on its bonded and other indebtedness, as well as such sum as may be necessary to maintain the corporate organization of the Detroit Co.—(V. 117, p. 1556.)

PENNSYLVANIA RAILROAD CO. (THE).—(*See Maps.*)—The system, as shown on the adjoining maps, extends from New York City westerly, via Philadelphia, to Pittsburgh, Erie, Cleveland, Toledo, Chicago and Burlington on the north and to Washington, Cincinnati, Louisville and St. Louis on the south. The total system on Jan. 1 1924 aggregated 11,690 miles. On Jan. 1 1924 the lines included in the company's results aggregated 10,577 miles.

ORGANIZATION, LEASES, &c.—The charter of the Pennsylvania RR. was dated April 13 1846. As to agreement in 1917 to take over the properties and assume the obligations of the Pennsylvania Company, see that company's statement below, and V. 106, p. 1031.

In Nov. 1917 it was agreed that, effective Jan. 1 1918, or such later dates as might be determined, the leases of railroad property held by the Pennsylvania Co. should be reassigned to the Penn. RR., and the lines west of Pittsburgh operated directly by the Pennsylvania RR., through the same officials who had heretofore been in charge of the operation of those lines. In pursuance of this plan the Penn. RR. Co. had resumed in Oct. 1918 operating under lease the Pitts. Ft. Wayne & Chicago Ry., Cleveland & Pittsburgh RR., Erie & Pittsburgh RR., and Pitts. Youngs. & Ashtab. Ry. V. 107, p. 83, 284; V. 106, p. 86, 1031; V. 105, p. 2094, 2184. During 1918 accordingly the Pennsylvania *Company* was relieved of the operation of all the aforesaid lines, which were operated directly by the Penn. RR. Co. as its "Western Lines."

System Operated as a Unit.—It was announced in Feb. '20 that, effective March 1 1920, the system would be operated as a unit instead of being subdivided as formerly between the lines east and west of Pittsburgh. The system will be divided into four regions, each in charge of a Vice-President, the headquarters of the respective regions to be at Philadelphia, Pittsburgh, Chicago and St. Louis, to be known as the Eastern, Central, Northwestern and Southwestern regions. V. 110, p. 658.

In May 1920 announced that the West Jersey & Seashore RR. and the N. Y. Phila. & Norfolk RR. will hereafter be designated as the Atlantic Division and the Norfolk Division, respectively. See V. 110, p. 2193.

Working agreement with men, V. 112, p. 162.

In March 1916 incorporated the Penn.-Detroit RR. with $5,000,000 stock to build a 52-mile road from Ohio-Michigan line northward to Detroit V. 104, p. 1146; V. 106, p. 1031; V. 107, p. 91. The stockholders in April 1923 approved the lease of this road to the Pennsylvania RR. for 999 years. V. 116, p. 1893.

In April 1918 took title to the Susquehanna Bloomsburg & Berwick RR a 42-mile line Watsontown to Berwick, Pa., &c., with $700,000 First Mtge gold 5% bonds outstanding. V. 106, p. 2011.

On Jan. 1 1921 leased for 999 years the Grand Rapids & Indiana Ry. and the Pitts. Cin. Chic. & St. L. RR. V. 111, p. 1753, 1950; V. 115, p. 437, 760.

The stockholders on Mar. 4 1921 approved the leases of 16 railroad properties constituting portions of the system and controlled through stock ownership. Compare V. 112, p. 162; V. 114, p. 1526.

The company in 1921 was authorized by the I.-S. C. Commission to lease in perpetuity the property of the New York Philadelphia & Norfolk RR., beginning July 1 1921. V. 113, p. 731. Has also been authorized to purchase from the Pennsylvania Co. the stock of the Pitts., Ft. Wayne & Chicago Ry. V. 112, p. 2191; V. 117, p. 2324.

Suggested lease of Norfolk & Western Ry., V. 118, p. 1657.

SECURITIES OWNED.—Total book value of these on Dec. 31 1923 was $532,862,439, many of which are pledged to secure Pennsylvania issues. Revenue derived from these securities in 1923, $21,549,472. The securities include $7,753,800 Sou. Pac. Co. stock, $38,757,700 (common) stock of the Norfolk & Western, and $5,312,500 stock of N. Y. N. H. & H. RR. Co.

With a view to complete stock control of the Pittsburgh Cincinnati Chicago & St. Louis RR., the directors of the Penn. RR. Co. and of the Penn Co. on Mar. 10 1920 offered to purchase the minority stock of the Panhandle Co. and to pay for the same, par for par, in new 50-year mtge. bonds of the latter co. when issued to the Penn. Co., bearing int. at the rate of 5% p. a., prin. & int. to be guaranteed by the Penn. RR. V. 110, p. 1188. See also Pitts. Cin. Chic. & St. L. RR. below.

The Pennsylvania Co. also offered to acquire the minority shares of the Grand Rapids & Indiana Ry., by exchanging therefor, par for par, 2d mtge 4% bonds of the latter company, held in its treasury.

V. 100, p. 399, 475, 819, 1169. In 1916 majority of 4% sterling bonds of 1908 were stamped as "$ bonds. V. 101, p. 2072, 2255; V. 103, p. 321.

The *General Mortgage Bonds* of 1915 (V. 98, p. 695) are a direct obligation of the company and are secured by a mortgage on its property subject to prior liens amounting to approximately $165,000,000. The prior liens mature from 1919 to 1960, cannot be increased and a sufficient amount of bonds authorized by this mortgage is reserved for their retirement.

ORGANIZATION.—The Philadelphia & Reading RR. (chartered April 4 1833) and the P. & R. Coal & Iron Co. were sold in foreclosure Sept. 23 1896 and reorganized per plan in V. 61, p. 1109. See V 64, p. 709

The "Reading Company" in the reorganization acquired the security holdings, real estate, equipment, &c., of the old Phila. & Reading RR. Co., also the $20,000,000 stock and $20,000,000 bonds of the Phila. & Reading Ry. and the $8,000,000 stock of the Coal & Iron Co The right to mine coal, given by charter, is protected by State Const. of 1873 V. 82, p 393.

The U. S. Supreme Court on Dec. 16 1912 in the Govt. suit (1) dismissed the charge of combination and conspiracy in restraint of trade against the company and other anthracite coal companies and coal-carrying roads (2) held that the Temple Iron Co. is an illegal organization and should be dissolved; and (3) also held illegal the arrangement under which the coal companies pay the independent operators for coal at the mines 65% of selling price at tidewater. See V. 95, p. 1684, 1652; V. 96, p. 286, 554, 1090, 1557. The U. S. District Court on July 31 1915 held that the company and its subsidiaries, had not violated either the Sherman Law or the commodities clause of Commerce Law. The Government filed an appeal. V. 103 p. 1119; V. 101, p. 85, 929, 1465, 1807; V. 96, p. 1425; V. 97, p. 666; V. 99, p. 821. The U. S. Supreme Court on April 26 1920 sustained most of the Government's charges of illegal combination against the company and certain of its railroad and coal subsidiaries, and ordered their dissolution. See V. 110, p. 1816. The company on June 1 1920 sought a modification of the dissolution decree. The motion, however, was dismissed by the Court on June 7 1920. V. 110, p. 2358, 2488.

Third Modified Segregation Plan.

The company on May 10 1923 filed with the U. S. District Court for the Eastern District of Pennsylvania a third modified plan for the carrying out of the decision of the U. S. Supreme Court.

On Feb. 14 1921, in pursuance of the decree on mandate of the District Court entered Oct. 8 1920 (V. 111, p. 1473; V. 110, p. 1816, 2358, 2488) the Reading Co., the Philadelphia & Reading Ry. and the Philadelphia & Reading Coal & Iron Co. submitted a plan for the dissolution of the combination existing and maintained through the Reading Co. which had been declared to be illegal by the U. S. Supreme Court in its opinion rendered April 26 1920. On May 12 1921 the company submitted modifications of the plan (V. 112, p. 745) and on June 6 1921 the District Court entered its decree approving the modified plan (V. 112, p. 2306, 2538) as supplemented by the provisions of the decree. The U. S. Supreme Court in its opinion rendered May 29 1922 directed certain modifications of the decree and affirmed the decree with the modifications directed.

On June 30 1922 the District Court entered an order directing the defendants to submit to that Court for its consideration a plan for the modification of the decree of June 6 1921 to accord with the opinion of the U. S. Supreme Court. In pursuance of that order, on Jan. 30 1923 a second modified plan and supplement was submitted (V. 116, p. 479). Objections thereto were filed, among others, by a committee of the holders of the general mortgage bonds, and by the Central Union Trust Co., New York, as trustee of the general mortgage. The District Court set May 10 1923 for a hearing. To secure an adjustment of the issues raised by the objections, and with the assurance that if the same be approved by the Court it will be assented to by the bondholders' committee and the trustee, the Reading Co. and the coal company filed the following third modified plan:

1. No additional general mortgage bonds shall be authenticated except that, to refund underlying bonds and obligations [other than those mentioned in clause (a) of Section 5 below], additional general mortgage bonds may be issued to the trustee of the new mortgage of the Reading Co. [provided for in Section 10 below] and stamped to show that they represent obligations of the Reading Co.

2. After payment by the Iron Co. to the Reading Co. of a dividend or dividends of $6,000,000 in cash or marketable securities at market value, the Reading Co. will sell all its right, title and interest in and to the stock of the Iron Co., including the present right to vote and receive dividends thereon, to the Coal Co. for $8,000,000. The stock of the Iron Co. will, however, remain subject to the lien of the general mortgage but as security for the obligation of the Coal Co. and not the obligation of the Reading Co.

3. The liability of the Reading Co. on the $94,627,000 gen. mtge. bonds outstanding on Nov. 30 1922 will be decreed to be two-thirds thereof and the liability of the Coal Co. thereon one-third thereof.

4. (Section 4 deals with sinking fund payments, for details of which compare plan published in full in V. 116, p. 2256.)

5. There are outstanding certain underlying bonds mentioned in the Gen. Mtge These bonds include (a) $810,000 of the Phila. & Reading RR. Co. 10-year Sinking Fund Coll. Gold bonds of 1892, extended to Feb. 1 1932, which are secured by pledge of bonds of coal companies belonging to the Coal Co., were assumed by the Coal Co. in 1896 and are in effect guaranteed by the Reading Co.; (b) $5,766,717 of the Phila. & Reading RR. Co. 1st Series Consol. Mtge. bonds of 1882, extended to March 1 1937, which are secured by property of the Railroad Co. and of the Coal Co. and are in effect guaranteed by the Reading Co. and the Coal Co., and (c) certain other bonds which are not the obligation of the Coal Co. and are not secured upon any property of the Coal Co. The final decree will make provision so that the covenants of the companies in the Gen. Mtge. in respect of these underlying bonds shall bind only the Reading Co. in respect of the bonds described in (b) and (c) above and shall bind only the Coal Co. in respect of the bonds described in (a) above; and, as between the companies, the Coal Co. will remain ultimately liable on the bonds described in (a) above, and the Reading Co. will remain ultimately liable on the bonds described in (b) and (c) above.

6. (Section 6 deals with defaults, liens, &c., and is published in detail in V. 116, p. 479.)

7. The Coal Co. will pay to the Reading Co. $10,000,000 in cash or current assets at market value. General releases of all claims and liabilities as between the Reading Co. and the Coal Co., including the claim of approximately $70,000,000 carried on the books of the Reading Co. as an asset and on the books of the Coal Co. as a liability, will be exchanged. The current indebtedness of the Reading Co. to the Coal Co. amounting to $2,500,000 will first be paid.

8. The Reading Co. will, subject to the lien of the Gen. Mtge. (but as security for the obligation of the Coal Co. and not the obligation of the Reading Co.), sell, assign and transfer all its right, title and interest in and to the stock of the Coal Co. to a new corporation to be formed with appropriate powers, in consideration of the payment by the New Coal Co. to the Reading Co. of the sum of $5,600,000, and its agreement to issue its shares to the stockholders of the Reading Co. as hereinafter provided. The New Coal Co. will issue 1,400,000 shares of stock without par value. Such no par value stock will be sold by the New Coal Co. to the stockholders of the Reading Co., preferred and common, share and share alike, for $5,600,000, or $2 00 for each share of Reading stock. Provision will be made for the disposition by the Reading Co. of any rights to subscribe which may not be availed of by the Reading stockholders within such period as may be fixed by the Reading Co., with the approval of the Court, to the end that the New Coal Co. shall receive the full purchase price of $5,600,000. This sale will be carried out by issuing to Reading stockholders assignable certificates of interest in stock of the New Coal Co., exchangeable for such stock only when accompanied by an affidavit that the holder is not an owner of any stock of the Reading Co., all in accordance with the decree of this Court entered June 6 1921.

9. The Reading Co. will merge the Railway Co. under the authority contained in the present charter of the Reading Co., and will subject the Railway Co.'s property to the direct lien of the Gen. Mtge. The name of the Reading Co., after merger, will not be changed.

10. In order to compensate for any injury to the security which the modification of the terms of the gen. mtge. bonds and the general mortgage may cause, and to leave the Reading Co. properly financed to meet its obligations to the public, the Court will direct the Reading Co. and the Coal Co. to tender for acceptance by the bondholders the following proposals for the execution of new bonds and mortgage and the delivery of new bonds to holders of general mortgage bonds:

(a) The Reading Co. shall execute a new mortgage which will provide for the creation of a series of bonds to be known as Series A, to be limited to the aggregate principal amount of $63,084,666 2-3, and to be issuable only upon the surrender of general mortgage bonds as hereinafter provided Said bonds of Series A will bear interest at the rate of 4½% per annum, will mature Jan. 1 1997 and will be redeemable as a whole only at 105 and int. on any int. day on 60 days' notice. The new mortgage will contain appropriate provisions for the creation and issue of additional series of bonds equally secured thereby bearing interest at such rates and maturing on such dates and otherwise in such form and containing such provisions as may be determined by the directors at the time of issue.

(b) The Coal Co. shall execute a new mortgage which will provide for an issue of bonds limited to the aggregate principal amount of $31,542,333 1-3, and to be issuable only upon the surrender of gen. mtge. bonds as hereinafter provided. Said bonds will bear interest at the rate of 5% per annum, will mature Jan. 1 1973, and will be redeemable as a whole, but not in part except for the sinking fund, at 105 and int. on any int. day on 60 days' notice.

(c) The Reading Co. and the Coal Co. shall offer to the holders of gen. mtge. bonds the right to surrender their bonds and receive in exchange therefor an equal aggregate principal amount of new bonds (with an adjustment of interest as of the date of the surrender of the gen. mtge. bonds for exchange) as follows:

Two-thirds of said principal amount in 4½% 74-year gen. (or, if and when practicable, *first*) & ref. mtge. gold bonds, Series A, of the Reading Co.

One-third thereof in 5% 50-year ref. mtge. sinking fund gold bonds of the Coal Co.

(d) The exchanged bonds will be pledged under the new mortgages. (For details, see V. 116, p. 2256.)

11. The Court will retain jurisdiction to supplement, modify, execute and enforce the third modification plan and the final decree.

Plan Approved by Court.—Judges Buffington, Davis and Thompson filed a final decree in the U. S. District Court June 28 1923 at Philadelphia, directing the dissolution of the Reading Co. and its subordinate concerns within six months.

The decree adopted the third modified segregation plan submitted May 10 1923.

The Department of Justice announced Aug. 27 1923 that the Government would not appeal from the Philadelphia Federal Court decree of June 28 1923.

The stockholders on Oct. 15 1923 authorized the officers and directors to do whatever may be necessary or expedient to carry into effect the plan. Compare V. 117, p. 1778.

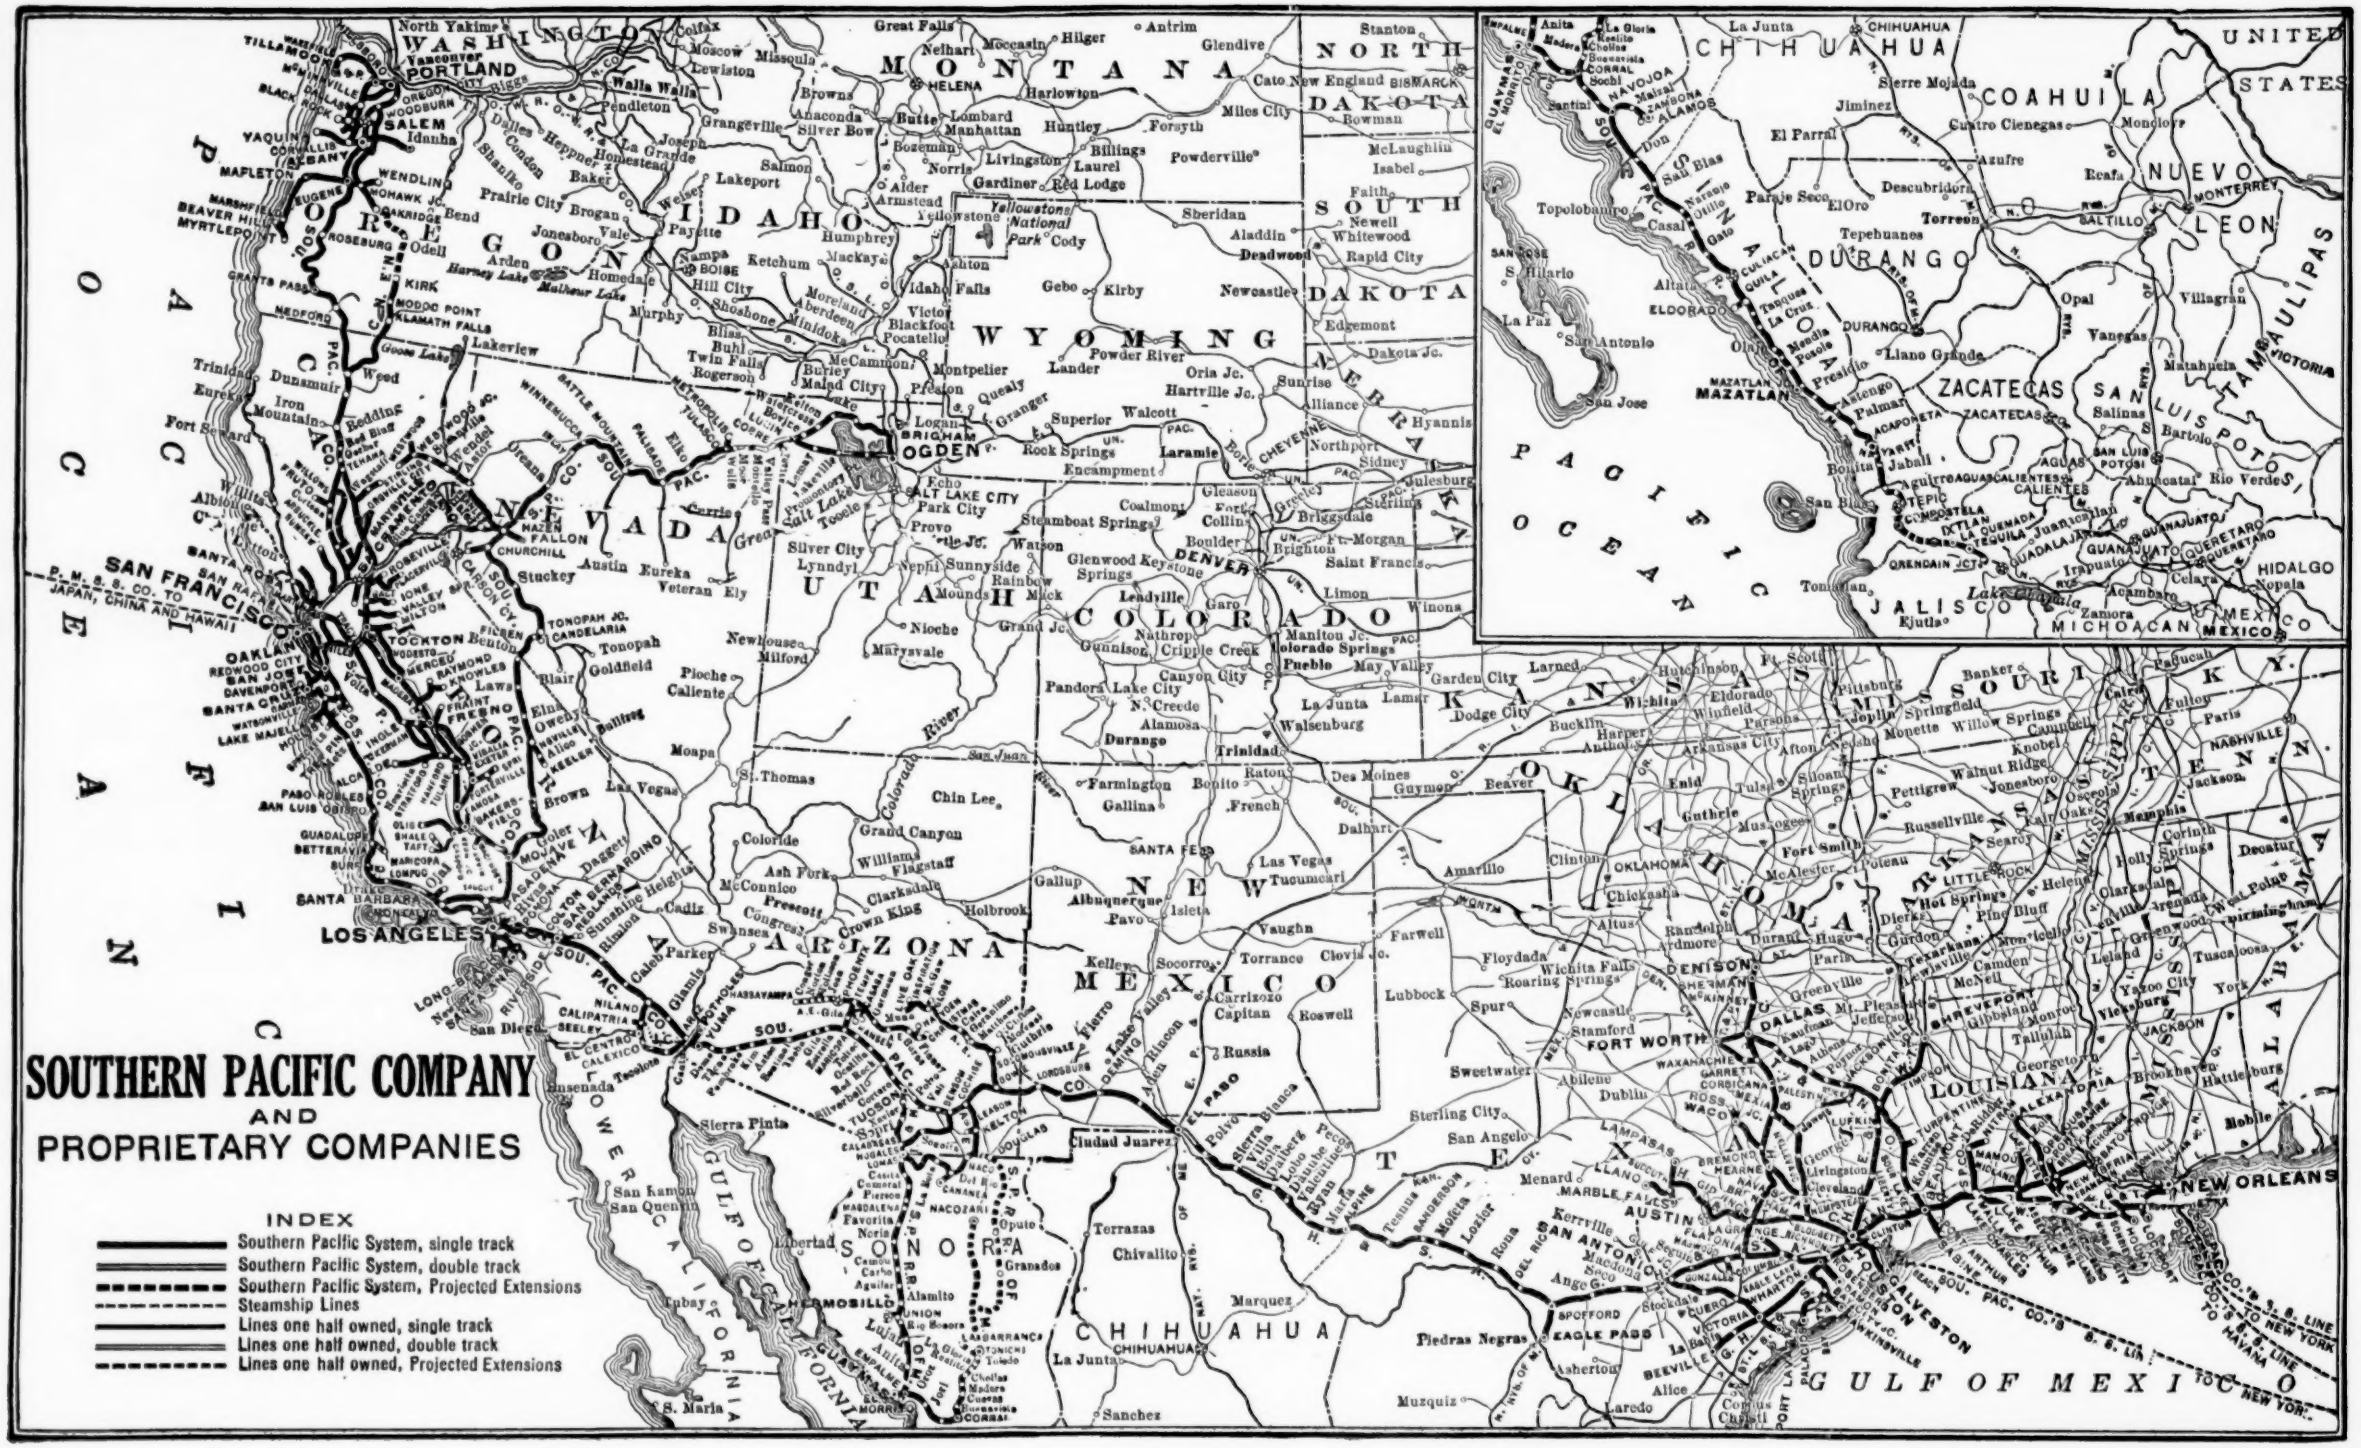
Trackage agreement with Western Pacific, V. 118, p. 1270.

PROPRIETARY LINES.—These, with a total mortgage indebtedness Dec. 31 1923 of $434,769,296, are controlled through stock ownership, only $59,000 out of their total capital stock of $346,832,900 not being held on Dec. 31 1923 by the Southern Pacific Co.

ORGANIZATION.—Organized under laws of Kentucky.

As to disposal made by Union Pacific of its interests in company in 1913 under order of court, see V. 97, p. 50, 445, 667.

Suit by the Govt. to compel the company to dispose of its holdings in Central Pacific was decided against the Govt. in the lower court in March 1917; an appeal by the Govt. came up for hearing in the Supreme Court on April 17 1921, and, after full oral argument, was submitted on April 19 1921 and taken under advisement by the Court. On Jan. 9 1922 the Court ordered a re-argument of the case. On May 29 1922 the U. S. Supreme Court ordered the dissolution of ownership and control of the Central Pacific Ry. by the Southern Pacific Co. V. 107, p. 1542; V. 104, p. 1046; V. 107, p. 513; V. 114, p. 199, 2470, 2718; V. 115, p. 646, 1732. The company in Oct. 1922 filed an application with the I.-S. C. Commission asking authority to acquire control of the Central Pacific by lease and stock ownership, pending final determination by the Commission of a plan for consolidation of the railroads into a limited number of systems. This application was approved by the Commission upon certain conditions on Feb. 6 1923. Compare V. 116, p. 685, 2768; V. 117, p. 782. As to Union Pacific decision in 1912, see V. 97, p. 445, 667.



Oil land decision, V. 98, p. 1994; V. 99, p. 1461; V. 100, p. 399, 734, 2011; V. 103, p. 1221; V. 106, p. 2123; V. 107, p. 513; V. 109, p. 889, 1988, 2172; V. 110, p. 1090. Land grant suit, see Oregon & California and V. 103, p. 1222; V. 104, p. 1703; V. 107, p. 513.

The directors on Dec. 1 1920 adopted a plan for the separation of the company's California oil properties and of its stock holdings in the Associated Oil Co. from its railroad properties, a new company, known as the Pacific Oil Co., being organized for this purpose. See Pacific Oil Co. under "Industrials."

On Jan. 1 1917 agreed to take part in building and then to operate the San Diego & Arizona Ry. (V. 104, p. 74), San Diego to Yuma, Cal., 220 miles and branches. V. 104, p. 74; V. 105, p. 2367; V. 107, p. 514.

Southern Pacific RR. of Mexico, incorporated 1909 with $75,000,000 stock (all owned Dec. 31 1923 by Southern Pacific Co.), took over the 1,507 miles covered by Mexican concessions, extending from Empalme to Guadalajara, 815 miles, with branch lines 692 miles, of which 1,241 miles had been completed Dec. 31 1923. In Dec. 1910 obtained additional concession from Guadalajara to Mexico City. V. 83, p. 1536; V. 84, p. 1141; V. 86, p. 350; V. 87, p. 414; V. 88, p. 303, 1622; V. 91, p. 1645, 1770. It was announced in March 1923 that work had been resumed on the Southern Pacific RR. of Mexico, which will connect the main line at Tucson with Mexico City by meeting the National Railways of Mexico at Orendian. All but 98 miles of the line were completed when revolutions interrupted in 1910. This gap is now to be bridged. The road is not expected to be completed before 1926. Northwestern Pacific RR. (jointly owned with Atchison), see that company.

The Southern Pacific Equipment Co. was incorp. in May 1920. V. 110, p 2293.

On Dec. 31 1922 $61,333,000 of development & gen. mtge. 4% bond were outstanding and a further $45,949,000 was available for company's use. These bonds, subject to underlying liens, are now said to be a direct mtge. on some 3,880 miles of road, a coll. lien on 1,175 miles, a lien by pledge of leaseholds on 1,813 miles and are also secured by pledge of securities, &c. SYRACUSE BINGHAMTON & NEW YORK RR.—Geddes, N. Y., to Binghamton, N. Y., 81 miles. Stockholders voted Dec. 6 1911 to lease the road during its corporate existence to the Del. Lack. & Western RR. for 12% on the $2,500,000 stock, of which the lessee at last advices owned $2,165,900. Lease took effect Oct. 1 1912. In the suit of minority stockholders Justice Geigerich in the Supreme Court in N. Y. on Nov. 16 1916 decided that the lease of 1912 was inequitable to the minority interests. On July 2 1920 the Appellate Division reversed the judgment of the trial court and dismissed the complaint. The Court of Appeals affirmed the judgment of the Appellate Division. The matter is now finally disposed of.

The Texas & Pacific and Missouri Pacific Ry. each owns one-half ($1,000,000) of the stock and guaranteed its bonds, pledged to secure a note issue of $3,653,000 due Nov. 1 1923 (extended from Nov. 1 1920. V. 102, p 988, 2078. The suit was dismissed in Aug. 1921 and the decision was upheld by the U. S. District Court of Appeals in June 1922. V. 113, p. 2819; V. 114, p. 2826. Readjustment Plan (*V. 117, p. 2433*).

The stockholders on Dec. 31 1923 approved a plan for the readjustment of the finances of the road. The plan will not disturb the present capital stock and will place no assessment on it, but offers holders of the 2d Mtge. Income bonds 5% non-cumulative Pref. stock on a par-for-par exchange basis. The plan contains the following provisions:

(*a*) Provision for improvements, additions and betterments is to be made by the creation of an issue of new General & Ref. Mtge. bonds secured by a new mortgage subordinate only to prior mortgages under which there will be outstanding, upon the completion of the readjustment, bonds aggregating less than $31,000,000, or at the rate of less than $17,000 per mile, and subordinate as to equipment to outstanding equipment trust obligations aggregating approximately $4,600,000.

(*b*) The holders of the 2d Mtge. Income bonds are to participate in the plan on the basis of an exchange of their bonds for 5% non-cum. Pref. stock, par for par.

(*c*) The judgments recovered upon the notes of the Texas & Pacific are to be funded into new unsecured notes.

New Securities to Be Issued under Plan.

(1) *General & Ref. Mtge. Bonds.*—Authorized issue not to exceed 1 ½ times the par amount of the capital stock from time to time issued. The mortgage securing these bonds shall be a lien, subject only to such of the existing liens as are not displaced (the aggregate of which will be approximately $17,000 per mile) upon all the railroads, property and franchises, and, subject to existing equipment trusts, upon all equipment now owned, with such exceptions and additions as the readjustment managers may deem wise. The lien of the mortgage shall also extend (subject to prior liens) to all properties hereafter acquired by the use of the new Gen. & Ref. Mtge. bonds or their proceeds. Such lien shall be in the form of a direct mortgage, but it may take the form of the pledge or assignment of securities of a corporation or corporations owning property to which the lien is intended to extend.

General & Ref. Mtge. bonds may be issued in separate series, maturing on the same or different dates, and bearing the same or different rates of interest, and any series may be made redeemable, in whole or in part, at times, on notice and at premiums, and may have such conversion privileges and other provisions as determined by the directors.

(2) *Notes to Director-General of Railroads.*—Such notes are to bear interest at the rate of 6% per annum and are to be issued to fund indebtedness of the receivers to the Director-General. They will mature Mar. 1 1930 and will be secured by pledge of Gen. & Ref. Mtge. bonds. Amount to be issued, $4,400,000.

(3) *Unsecured Coupon Serial Notes.*—Unsecured coupon serial notes bearing interest at rate of 6% per annum are to be issued to the amount of the judgments on the unsecured notes of the Texas & Pacific and int. thereon to Jan. 1 1924. Such notes will be dated Jan. 1 1924, will mature in equal annual installments over a period of 10 years, beginning Jan. 1 1930, and will bear interest from Jan. 1 1924. Amount to be issued, $4,440,583.

(4) *New Preferred Stock.*—5% non-cumulative. In the event of the dissolution, winding up or liquidation otherwise of the company, holders of preferred stock shall be entitled to receive out of the assets of the company the par value of their shares before any distribution shall be made to the holders of the Common stock, but shall not be entitled as holders of such Pref. stock to share in any assets of the company thereupon remaining. Pref. stock red., all or part, on 30 days' notice at par and divs.

The Pref. stock and the Common stock are to have equal voting power and in addition provision is to be made that no mortgage to secure additional indebtedness shall be created (except the General & Ref. Mtge.) no obligations maturing more than two years after their date (except the notes provided for, the General & Ref. Mtge. bonds and equipment trust obligations) shall be issued, and no stock on a parity with, or having a priority, either as to dividends or assets, over the Pref. stock shall be issued without, in each such case, the consent of the holders of a majority of the outstanding Preferred stock.

The plan was declared operative in May 1924. V. 118, p. 2306.

Entrance to Chicago is over Chic. & West. Indiana, of whose stock this company owns $1,000,000.

The I.-S. C. Commission on July 17 1923 approved the acquisition by the company of control of a line of railroad of the Missouri-Kansas-Texas RR., by lease. The line extends from Moberly to Hannibal, Mo., a distance of 69.75 miles.

ORGANIZATION.—Incorporated in Indiana Oct. 22 1915 as successor of Wabash RR. (foreclosed) under First Ref. & Extension Mortgage, and reorganized per plan in V. 100, p. 1599, 1594; V. 101, p. 1975. Took possession Nov. 1 1915. The plan reduced the fixed charges from $5,795,278 to $3,183,915, besides eliminating guaranties and unsecured obligations. V. 108, p. 270, 1927.

Deficiency judgment in foreclosure affirmed. V 109, p 2074, 2173; V. 110, p 1090

STOCK.—The pref. shares A and B are respectively pref., prin. and divs (non-cumulative) and are callable after 5 years at 110. The A shares are entitled, after payment in any year of 5% on all stock (com. and pref.), to participate in any further dividend for that year at the same rate as declared on common stock (above said 5%). Of the authorized common and convertible preferred, $3,750,000 and $1,250,000 respectively were issuable from time to time on account of unsecured creditors' claims against old co. The pref. and common are issuable as needed for conversion of pref. B, and in Dec, 1923 the amounts outstanding had been increased chiefly in this manner from the totals issued at reorganization in 1915, namely $43,540,000 and $46,200,000, respectively, to the amounts shown in table at top of page. V. 108, p. 1929; V. 107, p. 182; V. 101, p. 2072, 599; V. 102, p. 1812.

The holders of the convertible pref. stock may at any time after Aug. 1 1918, and up to 30 days prior to any date fixed for the redemption of the entire issue of said Profit Sharing Pref. Stock A, convert the same into and exchange the same for profit-sharing pref. stock and com. stock at the rate of $50 of profit-sharing pref. stock and $50 of com. stock for each $100 of convertible pref. stock, with adjustment of unpaid dividends.

DIVIDENDS.—No. 1 on pref. "A" stock Jan. 29 1917, 1%; April, July and Oct., 1%; 1918, Jan. and April, 1%; none since. Compare V. 108, p 1929; V. 109, p. 2264.

BONDS, &c.—The plan of 1915 left it to the new co., after reorganization, to provide, by a First & Ref. Mtge., or otherwise, for refunding the underlying bonds at maturity and for future capital requirements.

WESTERN PACIFIC RR. CORPORATION.—A Delaware holding company owning all the stock of the Western Pacific RR. (of Cal.), which in turn owns the railroad running from San Francisco to Salt Lake City, via Oakland, Stockton, Sacramento, Marysville and Oroville, Cal., a distance of 930 miles (including San Francisco Bay ferry, 3 miles); branch lines, 116 miles. Total mileage Dec. 31 1922, 1,046 miles. Crosses the mountains at maximum grade of 1%. Trackage agreement with Southern Pacific Co., V. 118, p. 1270.

In October 1917 arrangements had been made to give financial assistance to the following companies in the construction of their projected lines which will serve as feeders for the Western Pacific, the latter receiving in return for the investment a considerable interest in their capital stock: (1) Indian Valley RR., Paxton Junction to Taylorsville and Engles Copper Mine, Cal., 21 miles; (2) Deep Creek RR., Wendover, Utah, southerly into Gold Hill and Ferber Mining District, 46 miles; (3) in 1917 purchased $1,137,968 of the capital stock of the Tidewater Southern Ry., an electric railway, now 56 miles in length, extending from Stockton to beyond Turlock (see "Electric Railway Section"). Tentative valuation, V. 113, p. 1055.

ORGANIZATION.—Both the holding company (The Western Pacific RR. Corp., incorp. in Delaware), and the operating company (The Western Pacific RR., Co. incorp. in Calif.), were formed in June 1916 per reorganization plan of Western Pacific Ry. foreclosed. Possession taken July 13 1916. See plan, &c., V. 102, p. 155, 160, 2168, 2255; V. 103, p. 62, 240, 408; V. 104, p. 165, 258, 560. V. 103, p. 2080.

In 1917 the Equitable Tr. Co. of N. Y., as mortgage trustee, brought suit against Denver & Rio Grande RR., as guarantor of the 1st M. bonds of the old (foreclosed) Western Pacific Ry. (the holding co. owning $47,437,500 of this $50,000,000 issue), and in Jan. 1918 obtained a judgment for $38,270,343. V. 106, p. 1797. The judgment was followed by a receivership for the D. & R. G. V. 106, p. 85, 192, 498; V. 107, p. 503. See Denver & Rio Grande RR.

In Sept. 1918, having realized to date about $7,771,395 on this judgment the Trustee made distribution of $150 per bond of old Western Pacific Ry., over 90% of these bonds being owned in the interest of the new Western Pacific RR. V. 107, p. 1102, 1187.

In June 1918 the equity in the $10,000,000 stock of Utah Fuel Co. owned by D. & R. G. (subject to collateral lien of $15,080,000 Rio Grande Western Ry. 1st Consol. 4s) was sold in partial satisfaction of above judgment and was bid in for the Western Pacific RR. Corp. for $4,000,000. V. 106, p. 2648, 2759.

On Aug. 16 1920 a further distribution at the rate of $40 on each $1,000 bond was made; in Dec. 1920, $32.50; in July 1921, $100; in Aug. 1921, $40, in April 1922, $25. V. 113, p. 732; V. 114, p. 1654.

The Denver & Rio Grande property was sold at public auction on Nov. 20 1920 for $5,000,000 to John F. Bowie of New York, representative of the Western Pacific RR. For litigation over sale, &c., see Denver & Rio Grande Western RR.

A Delaware charter was granted Nov. 15 1920 to the Denver & Rio Grande Western RR. with an authorized capital of $150,000,000, authorizing it to own and operate railroads and railways outside of Delaware. The company was formed for the purpose of taking over the Denver & Rio Grande RR. A plan of reorganization of the Denver & Rio Grande RR. was submitted in Feb. 1922, but was subsequently withdrawn. A receiver for the Denver & Rio Grande Western RR. was appointed in July 1922 and a reorganization plan dated June 15 1923 has been approved by the various committees and the directors of the Western Pacific RR. Corp. For details of plan, see Denver & Rio Grande Western RR.

In 1921 acquired over 91% of the stock and bonds of the Sacramento Northern RR. V. 112, p. 564, 934, 1868, 2424; V. 113, p. 2081; V. 114, p. 949, 2361; V. 118, p. 552.

shares of no par value and making it assessable, but limiting the assessments to $1 50 in five years The stockholders rejected the proposition to issue $1,000,000 2d pref. stock.

A majority of the common stock is held in a voting trust.

In April 1922 the company proposed an issue of $4,000,000 7% bonds instead of the $3,500,000 8% bonds mentioned above. V. 114, p 2015.

This issue of $4,000,000 bonds was sold in May 1922. V. 114, p. 2243.

See V. 71, p. 645. Operates 39 fertilizer plants, 15 by-products plants and 3 phosphate mining plants, and has more than 55,000 local agents. Also owns and operates the Charlotte Harbor & Northern Ry.

BONDS.—The 1st M. bonds ($12,000,000 auth.) are convertible into pref. stock at par. Sinking fund, 3½% annually of all bonds issued; retired by sinking fund to June 30 1923, $5,003,000; conv. into pref. stock, $1,213,000. First ref. mtge. bonds are reserved to retire this issue. V. 87, p. 741, 814, 874; V. 92, p. 264, 324.

The $30,000,000 first ref. mtge. 7½s are secured by a mortgage on all real estate, plants and equipment, now owned or hereafter acquired, subject only to the first (closed) mortgage 5s, to retire which first refunding mtge. bonds are reserved. The mortgage will provide that the 1st mtge. 5% bonds shall not be extended, so that upon their payment, at or before maturity in 1928, the 1st ref. mtge. will become a first mtge. on all the properties. None of the subsidiary companies has any funded debt.

Future series may bear such rate of interest, mature at such times, be callable at such prices, have such convertible or tax provisions and be payable in such currencies and at such places as the directors may determine.

The total mortgage debt shall never exceed 75% of the value of the mortgaged property, based upon the book valuation June 30 1920, plus the cost or fair value (whichever may be the less) of property subsequently acquired subject to the mortgage.

The total combined net assets of the company and its subsidiaries, after deducting all liabilities except funded debt, shall equal at least 250% of the entire funded debt, including bonds proposed to be issued.

If the total combined current assets fall below 160% of total current liabilities, the company shall declare no further dividends upon its common stock until said ratio is restored; if below 160% it will default under mtge.

No further 1st refunding bonds shall be issued unless the average annual net earnings for the last three fiscal years, applicable to interest charges, shall be twice the annual interest charges on the funded debt outstanding, including the bonds proposed to be issued.

The bonds are callable all or part at 105 prior to Feb. 1 1926, during next 5 years at 103½; next 5 years at 102½; next 4 years at 101; last year at 100½.

Three per cent annually of total 1st ref. mtge. bonds, first payment Feb. 1 1923, to be used for purchase or call and retirement of bonds sufficient to retire before maturity more than 50% of the amount of the present issue. In addition a sinking fund of $375,000 per year is operating to retire the first mtge. 5% bonds.

AMERICAN PUBLIC SERVICE CO.—(V. 118, p. 2044.)

AMERICAN PUBLIC UTILITIES CO.—Incorporated under laws of Delaware in June 1912. Controls, through stock ownership, the following properties operated under the management of Kelsey, Brewer & Co., Grand Rapids, Mich.: Albion Gas Light Co., Albion, Mich.; Boise Gas Light & Coke Co., Boise, Idaho; Elkhart Gas & Fuel Co., Elkhart, Ind.; Holland Gas Works, Holland, Mich.; Utah Gas & Coke Co., Salt Lake City, Utah; Central Indiana Power Co., Indianapolis, Ind.; which has as subsidiaries: Merchants Heat & Light Co., Indianapolis, Ind.; Northern Indiana Power Co., Kokomo, Ind.; Indiana Electric Corp., Indianapolis, Ind.; Wabash Valley Electric Co., Clinton, Ind., and Valparaiso Lighting Co., Valparaiso, Ind.

STOCK.—The stockholders on Feb. 19 1924 authorized the creation of two new classes of stock, Prior Pref. and Partic. Pref., into which the $4,465,900 6% Pref. stock and its accumulation of unpaid divs., whether represented by the $310,040 scrip or not, might be converted. The partic. pref. stock is entitled to cumul. dividends of 4% for the first year following its date of issuance; April 1 1923; 5% for the second year; 6% for the third year, and 7% for the fourth and each subsequent year. It is also entitled to an addition 1% in any calendar year wherein the total cash dividends paid on the common stock shall exceed $6 per share.

Chancellor Wolcott in the Chancery Court at Wilmington, Del., in Nov. 1923 handed down an opinion ruling that the amendment to the certificate of incorporation of the company is null and void and without legal effect in so far as it relates to the cancellation of accumulated dividends on the old pref. stock. Under the ruling the company will not be permitted to pay any dividends whatever on its 200,000 shares of common stock until it pays off 24% accumulated cash dividends on the old pref. stock. In his opinion, the Chancellor refused the plea of a group of the company's stockholders for an injunction to retsrain the company from paying any dividends on its new pref. or common stock out of its funds now on hand or any future profits until it paid off the accumulated dividends. V. 118, p. 2435.

BONDS.—The 20-year secured gold 6% bonds due April 1 1936 were redeemed on Oct. 1 1923. V. 118, p. 1464.

Properties and output remaining after the aforesaid sale were given in V. 94, p. 280; V. 107, p.1670. For details of disintegration plan, compare V. 93, p. 1122, 1325, 1557, 1603, 1670.

Contract with Tobacco Products Corp. See that company below.

STOCK.—The pref. stock all ranks now as 6% cumulative with full voting rights. V. 102, p. 523. The shareholders voted March 14 1917 to retire $25,989,400 of treasury preferred capital stock, thus reducing the authorized pref. from $80,000,000 to $54,010,600. V. 104, p. 766, 1047.

The shareholders voted Jan. 7 1918 to change 500,000 of the 597,576 shares of unissued common stock into "common shares Class B," having the same rights to dividends and upon liquidation as any other shares of common stock, but without any voting rights. On Sept 15 1920 stockholders voted to increase the authorized amount of Common "B" stock from $50,000,000 to $100,000,000. V. 111, p. 1185. See under "Dividends" below.

Also Sept. 1912 $20 per share from sale of certain securities under the disintegration plan, and 2.986% in Amer. Machine & Foundry Co. stock, and in March 1913 a similar cash distribution of $15 per share. V. 95, p. 362, 620; V. 96, p. 421. The directors in Jan. 1918 decided that for a period the dividends upon the common stock should be paid in scrip, bearing interest at rate of 6% per ann., int. payable M. & S. and maturing in 3 years from Mar. 1 1918 and redeemable at maturity in cash or common stock "B" at par. Cash option eliminated beginning March 1 1919. Option to exchange for stock was extended from March 1 1921. Accordingly paid each quarter 5% in scrip March 1 1918 to June 1919.

The stockholders on May 6 1920 approved the plan of the directors for a 75% stock dividend on common and common stock "B" by the distribution of authorized but unissued common stock "B" on Aug. 1 1920. The plan carried with it the redemption of the outstanding scrip in exchange for stock, in order that scrip holders may participate in the stock dividend. Compare V. 110, p. 1644. On Sept. 1 and Dec. 1 1920 and Mar. 1 1921 paid 3% each on common and common "B" stock, payable in 8% scrip which was exchanged for common "B" stock on March 1 1923. V. 111, p. 591, 1854. V. 112, p. 565. June 1921 to June 1924 paid each quarter 3% each on common and common "B" stock in cash. Brooklyn Edison Co., Inc., is successor by change of name, effective Jan. 10 1919, to the Kings County Electric Light & Power Co., and by merger effective Jan. 27 1919, to the Edison Electric Illuminating Co. of Brooklyn. The Brooklyn Edison Co., Inc., is an operating company and does all the electric light and power business in the Borough of Brooklyn (except in the 29th Ward), City of New York, serving a population estimated at over 2,000,000.

STOCK.—The stockholders on Feb. 25 1924 increased the authorized capital stock from $50,000,000 to $75,000,000. V. 118, p. 1015. Stockholders of record May 12 1924 were given the right to subscribe for additional stock at par to the extent of four shares of new stock for each eleven shares of stock held. V. 118, p. 2184.

DIVIDENDS.—June 1900 to Mar. 1903, 1¼% quar.; since to June 1924, 2% quar.

BONDS.—The General Mtge. bonds of 1919 (V. 108, p. 582) are secured by a mortgage on all the company's real and personal property (subject to prior lien of Kings Co. Elec. Light & Power Co. 1st M. 5s and Purchase Money 6s and Edison Elec. Ill. Co. of Brooklyn 4% bonds), including two steam generating plants with an installed capacity of 189,500 k. w., and 9.767 miles of distribution lines, of which 4.536 miles are underground. They also cover all other property hereafter acquired.

The mortgage is limited to $100,000,000 and the bonds are issuable in series with such interest rate, maturity and redemption rate, and may have the privilege of conversion into capital stock, as shall be determined by the company.

Provisions of General Mortgage Applicable to Series "A," "B," "C" and "D" Bonds, and to Additional Bonds Issuable.

Aggregate face amount of bonds at any time outstanding shall never exceed $100,000,000. Bonds may differ as to interest rate, maturity and redemption rate and may have the privilege of conversion into capital stock as shall be determined by the company. Bonds are the direct obligations of the Brooklyn Edison Co., Inc., and are secured equally by a mortgage on all its real and personal property now owned or hereafter acquired, subject only to the liens of the mortgages securing the outstanding $11,951,000 in mortgage bonds of the Edison Electric Illum. Co. of Brooklyn and the Kings County Elec. Lt. & Power Co., which underlying mortgages are closed by the Gen. Mtge. so that no more underlying bonds may be issued, the outstanding $580,900 in Convertible Debentures of the Kings County Elec. Light & Power Co. being junior to the Gen. Mtge. bonds. Bonds are issuable only upon authorization by Public Service Corporation of the State of New York.

The $8,500,000 of Series "A" and "B" bonds, as well as $500,000 of the Series "C" bonds, comprise the $9,000,000 of bonds issuable under the provisions of the General Mortgage for reimbursing the company's treasury for cost of properties acquired prior to the date of the mortgage (Jan. 1 1919) in construction, completion, extension and improvement of plants and facilities. The remaining $1,500,000 of Series "C" bonds and the $8,000,000 of Series "D" bonds, or $9,500,000 in the aggregate, were issued to reimburse the company's treasury in part for expenditures made for the acquisition of property and for construction, completion, extension and improvement of plants and facilities subsequent to said date of the mortgage as therein provided.

The remaining bonds under the Gen. Mtge. may be issued for future—

(1) Refunding or acquisition of underlying bonds and debentures in the aggregate amount of $12,246,700 or other obligations constituting a lien upon the mortgaged property at the date of the mortgage or other obligations secured by a lien upon property subsequently acquired and become subject to the lien of the mortgage.

(2) Construction, completion, extension, development or improvement of or additions to plants and facilities.

(3) Acquisition of the whole or any part of the properties, &c., of any corporation supplying light, heat or power by electricity or other means in the present territory of New York City and Nassau and Suffolk counties.

(4) Acquisition of securities of other corporations supplying light, heat or power by electricity or other means in said territory, provided the company be or thereby becomes the owner of at least two-thirds of the outstanding capital stock of any such corporation.

(5) Reimbursement of the company for expenditures made subsequent to the date of the mortgage for any of the purposes for which bonds are issuable under (2), (3) and (4) above or to meet indebtedness of the company contracted for any of such purposes.

Provided, however, that except for refunding or acquisition of underlying bonds, debentures and obligations under (1) above, bonds shall not be issuable at face amount in excess of 80% of the actual cost or reasonable value, whichever may be less, of the property or securities acquired, or the extension, development, improvement or additions made, nor issuable for the acquisition of securities under (4) above if thereby more than 25% of the actual cost or the reasonable value of the property subject to the Gen. Mtge. (after deducting the face amount of all underlying liens) would consist of stock, bonds or other obligations acquired by the use of bonds issued under the Gen. Mtge., nor unless net earnings as defined in the Gen. Mtge. shall have been at least twice the annual interest charges upon all outstanding underlying bonds, the outstanding bonds secured by the Gen. Mtge. and those applied for.

CALUMET & HECLA CONSOLIDATED COPPER CO.—The stockholders of the Calumet & Hecla, Osceola, Ahmeek, Centennial and Allouez mining companies on Sept. 7 1923 approved the plans for consolidating under this title (under the laws of Michigan) the five companies named.

A digest of the consolidation plan follows:

Capitalization.—The auth. capitalization of the new company is to be 2,500,000 shares, par $25, of which the new company will issue a total of 2,005,502 shares to the stockholders of the constituent companies; the remaining 494,498 shares are to be reserved for general corporate purposes.

Allotment.—The shares of the new company are alloted as follows:

Ahmeek Co ---------- 2 and 68-100ths shares

	Total Shares Outstanding.	New Shares.
Ahmeek Co	200,000	536,000
Allouez Co	100,000	80,000
Calumet & Hecla Co	800,000	1,205,308
Centennial Copper Co	90,000	34,200
Osceola Consolidated Co	96,150	149,994
Total		2,005,502

The foregoing allotment to Calumet & Hecla does not include the new shares to which its stockholders are entitled on account of the shares of stock which it owns in the other four companies. The allotment to the other four companies represents the value of all their assets and includes the new shares (numbering 378,692) issuable on account of the shares of the stock of the four companies which Calumet & Hecla owns. Thus the total number of shares of the new company to be issued to Calumet & Hecla is 1,584,000 shares.

Rate of Exchange.—The following is the rate of exchange:

For Each Share of Stock of—	
Ahmeek Co	2 and 68-100ths shares
Allouez Co	80-100ths of a share
Calumet & Hecla Co	1 and 98-100ths shares
Centennial Copper Co	38-100ths of a share
Osceola Consolidated Co	1 and 56-100ths shares

As part of the plan and in addition to the shares of the new company the committee has determined that there should be paid to stockholders of Ahmeek $5 per share of stock of Ahmeek; to stockholders of Calumet & Hecla $1 25 per share of stock of that company and to stockholders of Osceola $1 per share of stock of that company; such payments to be made from the assets of said companies respectively and conditioned upon consummation of the consolidation. The payment to stockholders of Calumet & Hecla includes above-mentioned payments which it would receive on shares owned by it in the other two companies mentioned. Compare V. 117 p. 556, 1131, 1239.

CONSOLIDATED GAS CO. OF NEW YORK.—This company was organized Nov. 11 1884 as a consolidation, and in 1899-1900 secured control of all the other gas companies and of all the electric-lighting properties in Manhattan, N. Y. City. V. 78, p. 105, 1964; V. 79, p. 105, 629; V. 83, p. 1414; V. 84, p. 219; V. 86, p. 282; V. 92, p. 257; V. 97, p. 240, 301; V. 112, p. 165. Stock holdings Dec. 31 1917, V 107, p. 600. Franchise taxation, V. 102, p. 253. The New York P. S. Commission, in Aug. 1922, granted the New York Mutual Gas Light Co. permission to transfer its plant and system to the Consolidated Gas Co. for $9,012,275. V. 114, p. 2725; V. 115, p. 190, 995, 1216.

In 1906 a law was passed reducing the price in New York City to 80 cents per 1,000 cu. ft., beginning May 1 1906, except in outlying districts. V. 82, p. 572, 807, 931; V. 90, p. 301. In Jan. 1909 the U. S. Supreme Court held 80-cent feature of law to be valid until given a fair trial. In Jan. 1919 the company brought suit to have the 80-cent rate declared confiscatory. Final report declaring the 80-cent rate confiscatory was handed down by Special Master Abraham S. Gilbert in May 1920. A temporary injunction restraining the authorities from enforcing the 80-cent rate was handed down on June 29 1920. V. 111, p. 76. Federal Judge Learned Hand on Aug. 4 1920 and Judge Julius M. Mayer in April 1921 handed down decisions upholding in nearly all respects the recommendations of Special Master A. S. Gilbert in the case of the company to the effect that the 80-cent gas law was confiscatory. V. 111, p. 592; V. 112, p. 1620.

The company, acting on a decree signed on Feb. 28 1921, by Federal Judge Hand refuting the application of the State and city officials that the court fix a definiate rate for the continuation of the supply of gas after March 1, announced that the rate for gas would be increased from $1.20 to $1.50 per 1,000 cu. ft., effective March 1 1921. Beginning Aug. 1 1921 it was announced rates would be reduced to $1 25, and beginning Oct. 1 1922 the rate was further reduced to $1 15. V. 115, p. 1104.

The U. S. Supreme Court in a unanimous decision handed down March 6 1922 held that the 80-cent gas law of 1906 is confiscatory. The Supreme Court also rendered a similar decision in the case of the New York & Queens Gas Co. and the Kings County Lighting Co., holding in their case that the $1 rate of 1916 was also confiscatory.

The Court also ordered that all impounded funds be promptly released to the gas companies subject only to deductions of such costs as are clearly assessable to the prevailing party. The case was remanded back to the lower court for further proceedings in conformity with the decree. [The full text of the decision is given in V. 114, p. 1023.]

In future, according to the decision, the New York P. S. Commission shall fix rates that are not confiscatory and that are in conformity with the court's decision. V. 114, p. 1023, 1067.

Adoption of B. T. U. standard, V. 115, p. 1104; V. 116, p. 520.

James G. Graham, special master, appointed by the Federal District Court to hear the action brought by the N. Y. & Queens Gas Co., against the Public Service Commission and Attorney-General Carl Sherman in Jan. 1924, handed down an opinion in which he holds that the $1 gas law passed by the New York State Legislature at the 1923 session is unconstitutional and confiscatory as applied to the plaintiff co. V. 118, p. 440.

CONTINENTAL GAS & ELECTRIC CORP.—(*See Map*).—Incorp. under laws of Delaware Nov. 16 1912. Is primarily engaged, through its subsidiaries, in the development and distribution of electric power from modern central stations. Does all the electric light and power business in Kansas City, Mo. [through its recent acquisition of control of Kansas City Power Securities Corp., which in turn controls Kansas City Power & Light Co. V. 118, p. 202]; sells power in 14 nearby counties in Missouri and Kansas; furnishes electric light and power to 141 cities and communities and gas to five cities in Iowa, Nebraska and Missouri; supplies electricity and gas to Brandon, Manitoba, and owns and operates the steam heating plant at Kansas City.

The corporation derives over 84% of its gross revenue from the sale of electricity, distributed to more than 180,000 consumers and serving a total population of over 817,000. The balance of earnings is derived from the sale of gas and steam heat.

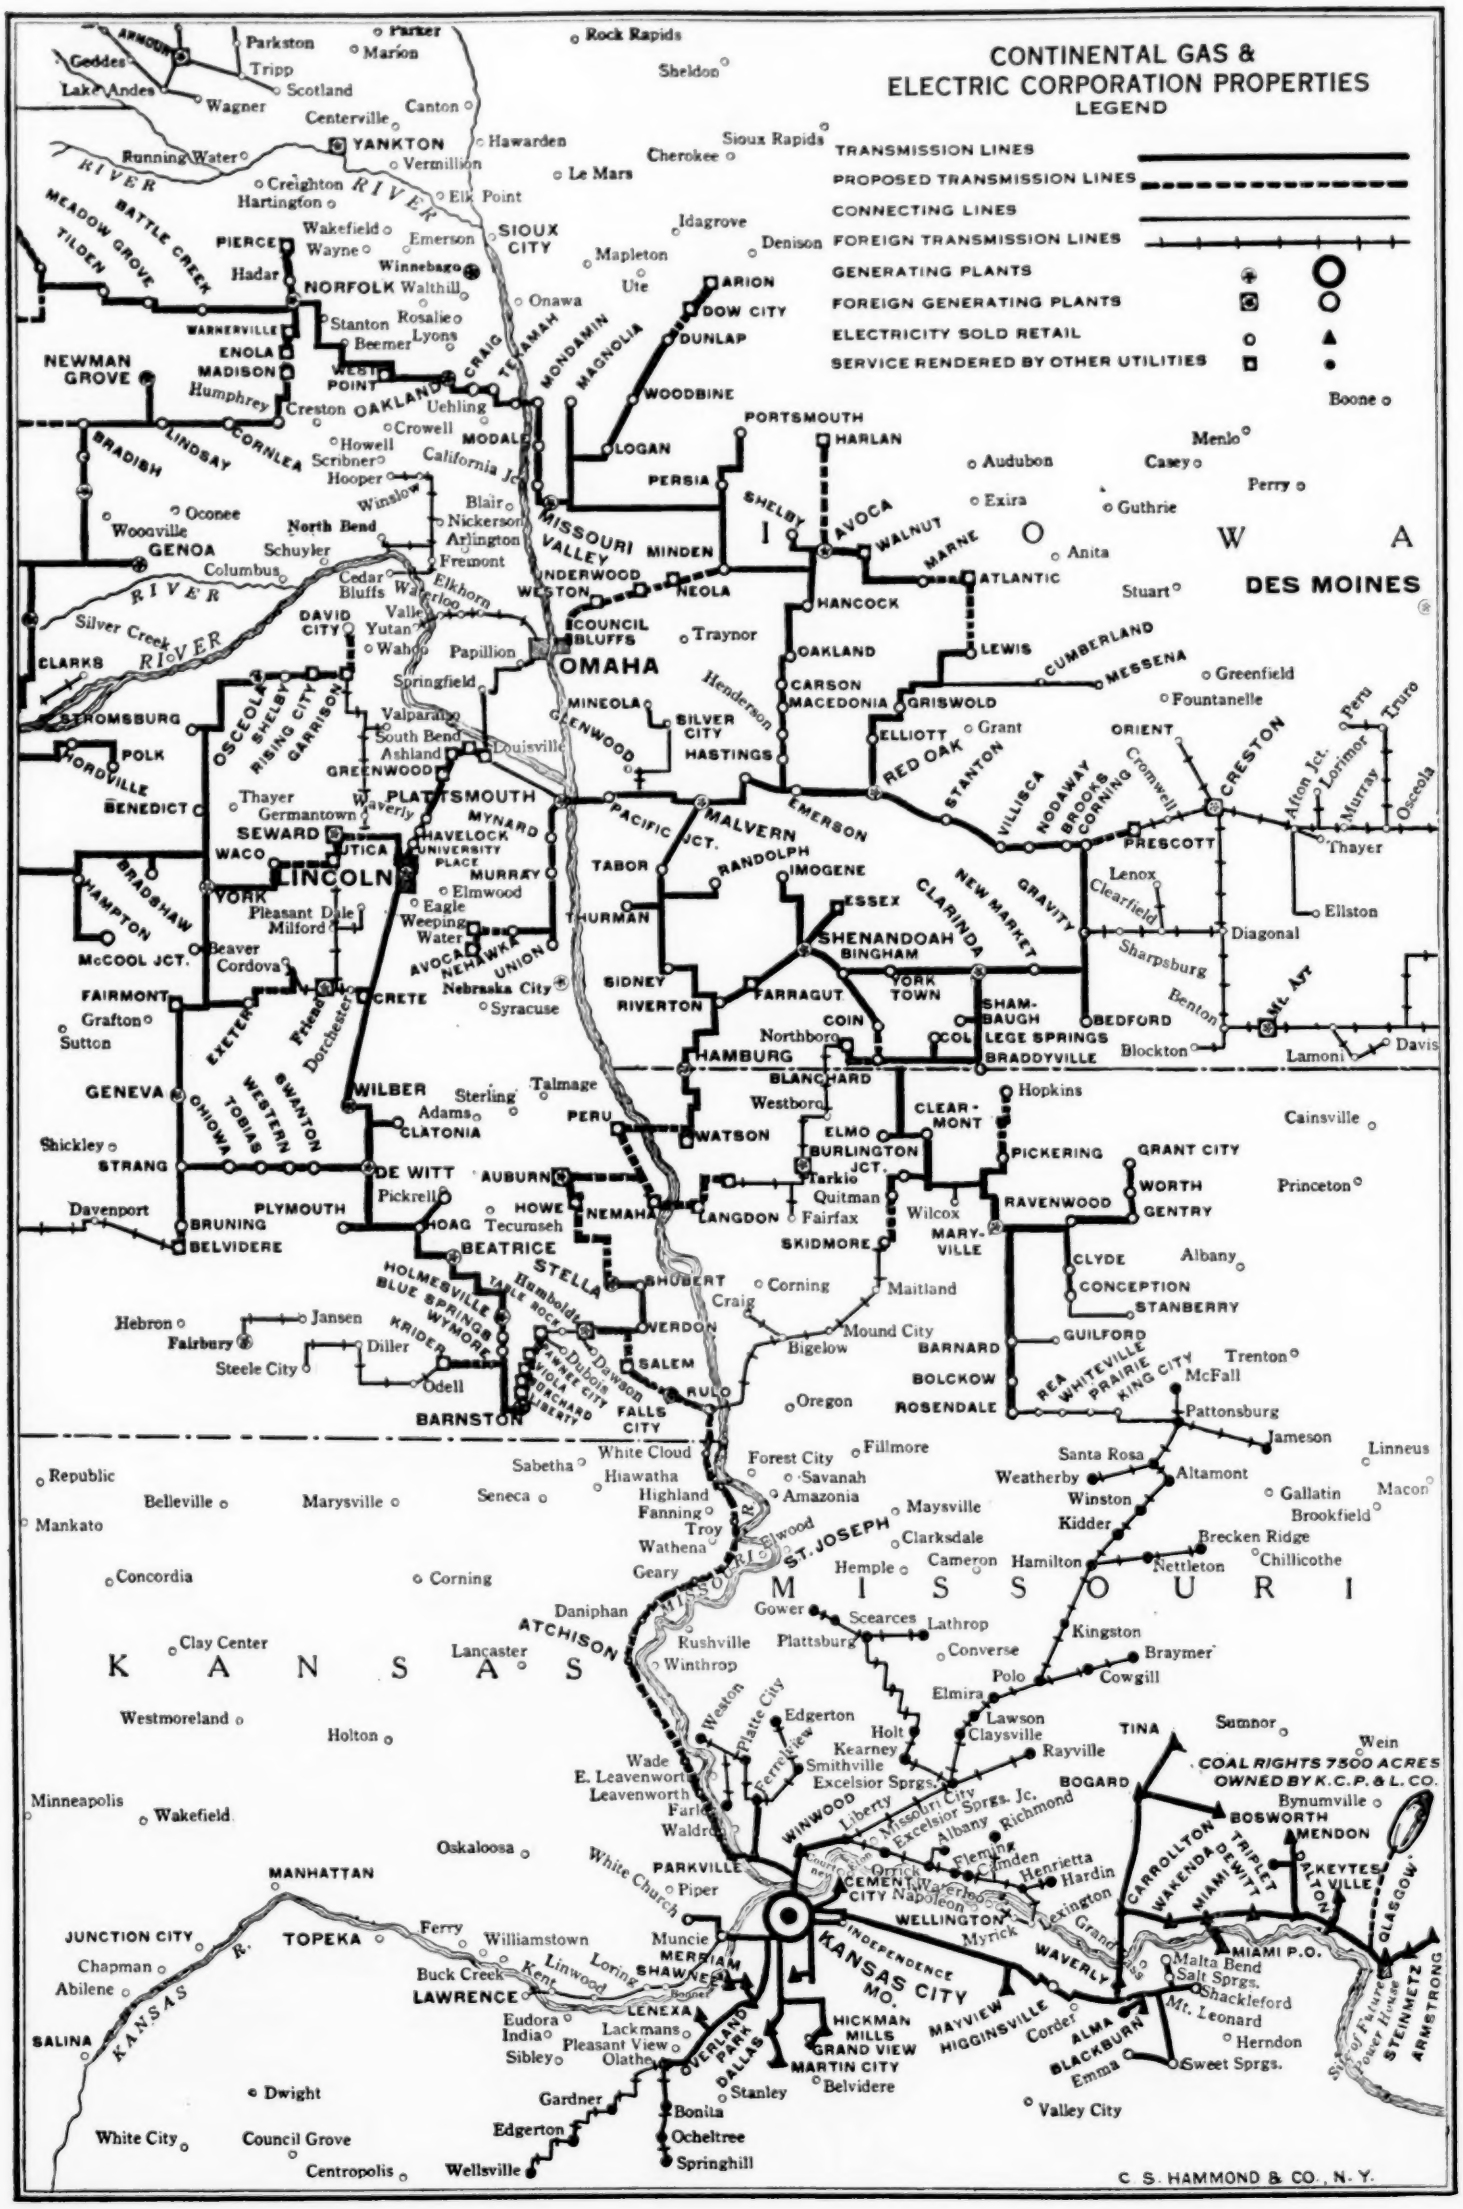
Kansas City Group.—The Kansas City Power & Light Co., the largest subsidiary of Continental Gas & Electric Corp., does all the electric light and power business in Kansas City, Mo., and sells, either wholesale or retail, electric current used in 14 nearby counties in Missouri and Kansas. The Kansas City property includes three electric generating stations with an aggregate installed normal capacity of 114,150 k.w. Population of this territory served, over 575.000.

Lincoln, Nebraska, Group.—Corporation, through its subsidiaries, serves electric light and power to 141 adjacent cities and communities all interconnected by transmission lines, in Iowa, Nebraska and Missouri. Properties operated from Lincoln, Neb., as a centre have a total steam capacity of 28,335 k.w. and hydro-electric capacity of 6,185 k.w. Population served in this territory and in Brandon, Manitoba, is over 242,000, and the subsidiaries have over 67,000 customers.

STOCK.—Each share of prior preference stock carries a detachable stock purchase option warrant entitling the holder thereof to purchase ½ share of common stock on or before Jan. 31 1925 at $50 per share, on or before Jan. 31 1926 at $62 50 per share, and on or before Jan. 31 1927 at $75 per share, with provisions for issuing non-dividend-bearing scrip for fractional shares so purchased.

The stockholders on Feb. 11 1924 authorized an issue of 350,000 shares of no par value common stock, of which 106,035 shares were issued to holders of the 42,414 shares of common stock, par $100, on the basis of 2½ shares of the new stock for one share of the old.

In connection with the increase of the outstanding common stock there was adopted at the same meeting an amendment protecting the holders of the participating preferred stock in their right to participate with the common stock above their fixed rate of 6% per annum. By virtue of this protective amendment the participating preferred stock, instead of participating with the common dividends in excess of $7 per share to the common stock, participates up to an additional 2% after dividends of $2 80 per share have been paid to the common stock in any one year. An order refusing the company permission to sell stock in Missouri was issued April 18 1924 by the "blue sky" office of the Missouri State Finance Department.



DIVIDENDS.—The directors have declared the following dividends for the year 1924 on the various classes of stock: (1) *Prior Preference Stock*—A dividend of 7%; (2) *Particip. Pref. Stock*—A dividend of 6% and an extra participating dividend of 1% in cash and 1% in common stock; (3) *Preferred Stock*—A dividend of 6%, and (4) *Common Stock*—A dividend of $3 in cash and $3 per share in common stock (valued for this purpose at $100 per share). Crops made by the company: No. of bags (7 bags equal one ton of 2,240 lbs.), viz.: 1916-17, 3,261,621; 1917-18, 3,613,325; 1918-19, 4,319,189; 1919-20, 3,763,915; 1920-21, 3,978,102; 1921-22, 3,379,451; 1922-23, 3,284,731.

STOCK.—Authorized, $50,000,000 7% cum. conv. pref. (par $100), and 1,600,000 shares common (including 500,000 shares reserved for conversion of pref. stock and sufficient shares for conversion of 7% debenture bonds; see below), no par. Pref. is redeemable at 120 and int. and is preferred as to assets and dividends. Convertible into common, share for share, at any time, at option of holder. V. 103, p. 64, 794.

The Common and Preferred stockholders of record Aug. 24 1922 were given the right to subscribe at par for $10,000,000 Eastern Cuba Corp. 15-year 7½% Mortgage Sinking Fund gold bonds. The issue will be guaranteed, principal and interest, by the Cuba Cane Sugar Corp. and will be convertible for the life of the bond into Cuba Cane Sugar Corp. Common stock at $20 per share. V. 115, p. 650.

BONDS, &c.—The $25,000,000 10-year 7% debentures (offered in Jan. 1920 at 100 & int.) are convertible at any time into common stock at $45.8823 per share. Redeemable on 60 days' notice at 107½ during the first 5 years, 105 during the sixth year, 104 during the seventh year, 103 during the eighth year, 102 during the ninth year, and 101 thereafter. No mortgage may be created while any of these debentures are outstanding except purchase money mortgages. V. 109, p. 2174; V. 110, p. 363.

In Sept. 1921 the company announced that it had arranged with a group of bankers to secure at once a loan of $10,000,000 under an arrangement which required the subordination of the $25,000,000 7% Convertible Debentures to the new money for the period of the loan and of any renewals, substitutions or refundings thereof. As a consideration therefor, the company offered to increase the rate of interest on assenting debentures from 7 to 8% per annum from July 1 1921 to the maturity of the debentures. The plan was declared operative on Oct. 31 1921. On Sept. 29 1923 it was announced that the loan had been paid off and the subordination of the 8% debentures had been terminated. The 8% debentures therefore now enjoy the same position in point of security as the 7% debentures, but they will continue until maturity (Jan. 1 1930) to bear interest at the rate of 8% per ann. instead of 7%. V. 113, p. 1475, 1986; V. 115, p. 2682; V. 117, p. 1560.

The Eastern Cuba Sugar Corp. 7½% mortgage bonds are guaranteed, prin. and int., by Cuba Cane Sugar Corp. and are convertible for the life of the bonds into Cuba Cane Sugar Corp. common stock at $20 per share. GALENA-SIGNAL OIL CO.—ORGANIZATION, &C.—Incorp. in Penn. in 1901. **Deals in railroad lubricating and signal oils. Formerly controlled by Standard Oil Co. but segregated in 1911**

V. 107, p. 85.

It was the intention of the board that the remaining $4,000,000 of new common stock and $2,000,000 of new pref. stock should for the present remain in the Treasury, unissued. V. 106, p. 1233, 2563; V. 110, p. 968.

GOLD DUST CORPORATION.—Organized in Sept. 1923 with an authorized capital of $5,000,000 non-cumul. 6% pref. stock, par $100, and 325,000 shares of com. stock, no par value. It succeeded to the soap and washing powder business (the manufacture and sale of Gold Dust, Fairy Soap, Sunny Monday Soap and like products) formerly carried on by The N. K. Fairbank Co., a subsidiary of American Cotton Oil Co., and all of its then outstanding stock was issued to The N. K. Fairbank Co. and American Cotton Oil Co. for property.

A plan for the exchange of stock of Gold Dust Corp. for stock of American Cotton Oil Co. was formulated under which pref. and com. stock of American Cotton Oil Co. were made exchangeable for stock of Gold Dust Corp. in the ratio of one share of com. stock of Gold Dust for one share of the pref. stock of American Cotton Oil Co. and one share of com. stock of Gold Dust Corp. for each three shares of the com. stock of American Cotton Oil Co. In furtherance of this pla there was organized in Dec. 1923 the F. S. Corp. in New Jersey. To this corporation were transferred the pref. and com. stock of American Cotton Oil Co. deposited under the plan for exchange of stock of Gold Dust Corp. By consolidation agreement, dated Jan. 22 1924, the F. S. Corp. merged with and into Gold Dust Corp. This merger effected the transfer to Gold Dust Corp. of the deposited stock of American Cotton Oil Co., consisting of over 93% of each class. The capital of Gold Dust Corp. continued the same. $1,000,000 of its pref. stock were reissued to American Cotton Oil Co. and $4,000,000 pref. and approximately 50,000 shares of its com. stock to The N. JK. Fairbank Co.

STOCK.—The stock is deposited under a voting trust agreement, dated Jan. 28 1924 and expiring July 1 1931. The voting trustees are Francis D. Bartow, Ray Morris, George K. Morrow and Royall Victor.

GREAT WESTERN POWER CO. OF CALIFORNIA.—ORGANIZATION.—Incorp. in California Nov. 23 1917, and, as of June 1 1919, purchased, subject to existing mortgages, the properties of old Great Western Power Co. (incorp. in 1906), City Electric Co. and Consolidated Electric Co. The California Electric Generating Co. properties were not included in the purchase, but the leases thereof were assumed and the Great Western Power Co. of California is now the operating company of all system properties.

The company owns (*a*) on a tributary of the Sacramento River about 18 miles from Oroville and 160 Miles from Oakland, hydro-electric plants with a capacity of 65,000 kilowatts; (2) steam driven electric plant in San Francisco with capacity of 23,000 kilowatts (incl. former City Electric Co.); (3) holds under lease and stock control a similar 1,500 k.w. plant of California Electric Generating Co. in Oakland, transmitting electricity to Oakland over two circuits to substations at Sacramento, Brighton, Antioch, Cowel and Oakland.

In 1919 began construction of an additional hydro-electric plant, initial capacity 64,000 h.p., and ultimate capacity 192,000 h.p., known as the Caribou plant, and a steel tower transmission line thence to San Francisco Bay district, 192 miles. This new plant was opened in May 1921. See V. 109, p. 1364, 1703; V. 108, p. 2127; V. 112, p. 2196.

(3) **Also owns the $5,000,000 com. stock of the California Electric Generating Co. at Oakland, a steam power plant, capacity 10,500 k.w. (see below).**

With the completion of the Caribou plant the company has a generating capacity of 109,000 k. w. of hydro-electric power, which together with the 23,000 k. w. from steam plants will give a total capacity of 132,000 k. w. When all the power sites are utilized, over 500,000 k. w. will be developed.

Readjustment Plan.—The stockholders on Oct. 3 1923 approved a plan for the readjustment of the debt and capitalization of the corporation. The plan in brief provided as follows:

The capital stock was reclassified so as to consist of $10,000,000 of prior preference cumulative 7% preferred stock and 450,000 shares of common stock, of no par value.

Holders of the old preferred stock received 1½ shares of new common stock of no par value for each share of preferred stock held, in lieu of the share so held, and of the accumulated dividends thereon. Holders of common stock received one share of new stock of no par value for each six shares of old common stock.

A new issue of $10,000,000 of prior preference stock was underwritten at 90, carrying with it for each share of prior preference stock so underwritten 2¼ shares of the new non-par value common stock. This prior preference stock, together with the accompanying common stock, was offered pro rata to the stockholders on identically the same terms as the banks had underwritten it.

Accordingly, rights were issued to the old preferred stockholders, entitling each preferred stockholder to subscribe for his proportionate share of the $10,000,000 prior preference stock, together with the 245,000 shares of common stock.

Under the plan the maturity of the bonds was extended from May 1 1932 to May 1 1942; the annual sinking fund payments postponed until May 1 1929, unless a dividend is paid on common stock (see V. 117, p. 1241), and the mortgage closed at $10,000,000, leaving in the treasury of the company $1,771,700 of bonds available for future corporate purposes. (Compare V. 117, p. 1241, 1669, 1783.)

INTERNATIONAL HARVESTER CO.—Originally incorporated in N. J. on Aug. 12 1902 and acquired five concerns manufacturing agricultural machines: Deering Harvester Co., McCormick Harvesting Machine Co., &c. Also has timber lands, coal, ore, blast furnace and steel properties. See full description of plants, organization, &c., in Oct. 1918, V. 107, p. 1574, 1575; V. 108, p. 2038; V. 85, p. 104. Canadian Co., V. 108, p. 385. In 1919 acquired Chattanooga Plow Co. and Parlin & Orendorff Co. of Canton, Ill. V. 108, p. 2437. In June 1920 acquired the Richmond (Ind.) plant of the American Seeding Machine Co., V. 110, p. 2662

Plants are located at Chicago, Ill.; Milwaukee, Wis.; Akron, Ohio; Auburn N. Y.; Chattanooga, Tenn.; Ft. Wayne, Ind.; Canton, Ill.; New Orleans, La.; Richmond, Ind.; Rock Falls, Ill.; Springfield, O.; Chatham, Ont.; Hamilton, Ont.; Croix, France; (near) Moscow, Russia; Neuss, Germany, and **Norrkoping, Sweden. Manufactures binders, reapers, harvester threshers, mowers, rakes, hay stackers, corn machines, ensilage cutters, potato diggers, culti-packers, engines, cream separators, tractors, commercial cars, motor trucks, tillage implements, plows, cane mills, evaporators and kettles, listers, beet pullers, cultivators, corn planters, seeding machines, &c.**

The U. S. Govt. through Attorney-General Daugherty on July 17 1923 filed a petition in the Federal District Court at St. Paul, Minn., demanding that the International Harvester Co. be separated into three independent corporations, with different stockholders, owners and officials, as suggested by the Federal Trade Commission in its report to the U. S. Senate in 1920 (V. 111, p. 1088).

The action was taken, the Att'y-Gen. stated in his petition, because the original decree dissolving the Harvester company which was entered Nov. 2 1918 (V. 107, p. 608, 699) was inadequate to achieve its purpose, viz. "To restore competitive conditions in the United States in the inter-State business in harvesting machines and other agricultural implements."

The Att'y-Gen. asks the Court to decree that the company is "still a combination in restraint of inter-State trade and commerce, and still is monopolizing and attempting to monopolize said trade and commerce in violation of the Sherman Anti-Trust Law, and contrary to several opinions, orders and decrees of this Court." Compare V. 117, p. 282, 1561; V. 118, p. 1672.

STOCK.—Rights of stock, see application to list. V. 107, p. 1574. The stockholders on July 29 1920 ratified the proposal increasing the authorized Pref. stock from $60,000,000 to $100,000,000 and the Common stock from $80,000,000 to $130,000,000. The plan provided: (a) that $20,000,000 of the new Common and $40,000,000 of the Pref. stock be set aside for employees under the stock ownership and profit-sharing plan; (b) that $10,000,000 of the new Common will be used for the payment of 12½% stock dividend on the Common and (c) the balance, $20,000,000, will be available for the payment of 2% semi-annual stock dividends on the Common stock, the same to be declared on the first days of Jan. and July of each year if the directors so decide. cept those of the Mt. Shasta Power Corp. and California Telephone & Light Co., and those leased from the Sierra & San Francisco Power Co., owned in fee.

The operations of the company extend into 36 counties of central and northern California, having an area of 54,000 square miles and an estimated population (1920) of 1,715,959. The business field embraces the important San Francisco Bay section and the fertile Sacramento and San Joaquin Valleys. The company serves eight of the twelve largest cities in California.

At the close of 1922 the company operated 28 hydro-electric generating plants having an aggregate installation of 417,829h.p., four modern steam turbine electric plants with an aggregate installation of 173,592 h.p., also 240 sub-stations and 10,459 miles of transmission and distribution lines with a connected load of 1,110,679 h.p.

The gas department includes 18 manufacturing plants with an aggregate capacity of 73,410,000 cubic feet per day and 3,339 miles of mains.

In Oct. 1919 purchased the properties and most of the $10,000,000 capital stock of the Northern California Power Co. Consolidated at $34 per share, thus acquiring 585 miles of high-tension lines and 1,985 miles of low-tension nes, a valuable power site on the Pit River, and six hydro-electric generating plants on Battle Creek and Cow Creek, with an aggregate installation of over 66,000 h. p., then marketing 30,000 h. p. V. 109, p. 173. In Dec. 1919 leased for 15 years the properties of the Sierra & San Francisco Power Co. V. 109, p. 2362.

Franchises in over 176 cities and towns, it is claimed, are perpetual, the U. S. Supreme Court on April 6 1914 having ruled that all franchises of public service corporations within the State of California obtained prior to Oct. 10 1911, were of perpetual duration and could not be altered.

75-cent gas rate in San Francisco held valid. See V. 109, p. 2444. Rates, V. 111, p. 195, 499; V. 113, p. 77, 967; V. 115, p. 655; V. 118, p. 916. Decision calling for refund of over $2,000,000 impounded funds. V. 112, p. 2649. Case still pending in U. S. Supreme Court. Proposed acquisition of distributing system by city of San Francisco, V. 117, p. 1563. Refusal of company to sell, V. 117, p. 1786.

STOCK.—In July 1914 the issuance of the initial $12,500,000 1st pref. stock for improvements, extensions, refunding, &c., was authorized. The old pref. stock ($10,000,000 auth. and outstanding) became 2d pref. and the auth. amount of com. was reduced from $150,000,000 to $100,000,000. V. 98, p. 1846; V. 99, p. 121. The 2d pref. stock is convertible into 102½% of first pref. and has mostly been thus retired, only $37,100 being outstanding April 30 1923.

The stockholders Dec. 12 1921 approved the reclassification of the $160,000,000 authorized capital stock as follows: $79,900,000 first preferred stock (increased from $50,000,000), $100,000 original preferred stock (decreased from $10,000,000), and $80,000,000 common stock (decreased from $100,000,000). V. 113, p. 2623.

Common stock to the amount of $31,696,867 in addition to that reported outstanding is owned by subsidiary companies

PACIFIC MILLS.—(V. 118, p. 1146.)

PACIFIC OIL CO.—Incorp. in Dela. Dec. 3 1920 with a capital stock of 3,500,000 shares of no par value, which the Southern Pacific Company subscribed for at $15 per share, or $52,500,000. From the amount so realized the new company purchased from the Southern Pacific Land Co., as of Jan. 1 1921, for $43,750,000:

(*a*) About 259,000 acres of land situate in the State of California, of which about 25,000 acres are proven oil lands and the remainder lands theretofore withdrawn from sale by the Land Co. as possible oil lands, together with existing field improvements, materials and supplies;
(*b*) 200,690 shares, par value $20,069,000, representing 50.48% of the outstanding capital stock of the Associated Oil Co. (Compare V. 112, p. 650).

By the sale of these properties the Southern Pacific Land Co., the entire capital stock of which is owned by the Southern Pacific Co. received $43,750,000 in cash and the Pacific Oil Co. retained $8,750,000 as working capital.

On Dec. 31 1923 the company owned $30,739,110 of the capital stock of Associated Oil Co., equivalent to 54.89% of the aggregate $56,000,000 issued and outstanding, or substantially 58% of $52,999,400 balance of stock in hands of public after deducting $3,000,600 stock in Associated Oil Co.'s treasury. Also owns a third interest (35,000 shares of stock) in the Associated Pipe Line Co., the other owners being Associated Oil Co. and Southern Pacific Co., each of whom also has a third interest.

There were 595 wells in operation on Dec. 31 1923; 13 new wells were being drilled and 14 wells were being redrilled on that date. Chiefly due to curtailment of production activities, 364 wells were inoperative on Dec. 31 1923.

Contract with Southern Pacific Co. for supply of fuel oil has been suspended owing to possible conflict with prohibitions of Clayton Act. Meanwhile, Southern Pacific Co. is purchasing its fuel oil requirements from Pacific Oil Co. at market prices after competitive bidding.

Holders of the capital stock of the Southern Pacific Company, at the close of business on Jan 14 1921 were given the right to purchase at $15 per share one share of stock of the new company for each share of Southern Pacific Co. stock so held.

PHILADELPHIA & READING COAL & IRON CORP.—This company, incorporated in Delaware Dec. 20 1923, was formed in accordance with the final decree in the Govt. suit against the Reading Co. The latter sold to the new company all its right, title and interest in the capital stock of the Philadelphia & Reading Coal & Iron Co., subject to the lien of the general mortgage of Reading Co. and the Philadelphia & Reading Coal & Iron Co. (as modified by the final decree) for the sum of $5,600,000.

Philadelphia & Reading Coal & Iron Corp., pursuant to the final decree and the order modifying the final decree entered by the District Court on Dec. 4 1923, will issue from time to time 1,400,000 shares of stock without par value, being its entire authorized capital stock, to Wilmington Trust Co. of Wilmington, Del. (the trustee) as trustee under a trust agreement dated Dec. 28 1923 between Philadelphia & Reading Coal & Iron Corp., Reading Co., Newton H. Fairbanks and Joseph B. McCall as trustees, and Wilmington Trust Co. as trustee. The trustee will issue certificates of interest in said stock and each certificate of interest will entitle the registered owner thereof, or his assigns, upon surrender thereof accompanied by an affidavit in substantially the form required by the final decree (to the effect, in substance, that the applicant does not own any shares of the capital stock of Reading Co. and is acting in his own behalf in good faith) to receive a stock certificate for the number of shares of the capital stock without nominal or par value of Philadelphia & Reading Coal & Iron Corp. represented by such certificate of interest, together with all dividends (but without interest thereon) collected by the trustee in respect of said shares of stock after the date of such certificate of interest and prior to such exchange, and a dividend order or assignment for any dividends declared but not then payable in respect of said shares.

All the certificates of interest will be dated Jan. 2 1924, except as otherwise provided in the trust agreement in case of the declaration of dividends by Philadelphia & Reading Coal & Iron Corp. prior to the issue of all of its authorized 1,400,000 shares of capital stock.

Pending the exchange of certificates of interest for shares of stock, the trustee will deliver proxies for voting all the shares of stock held by it to Newton H. Fairbanks and Joseph B. McCall, individual trustees appointed by the District Court for the purpose, and will hold all dividends payable in respect of the shares of stock held by it until paid over to the owners of the respective certificates of interest upon exchange thereof for shares of stock as aforesaid. If at any time after July 1 1926 any of the certificates of interest shall remain outstanding, the final decree provides that the Court in its discretion, after a hearing upon such notice to holders of certificates of interest as it may direct, may order the shares of stock of Philadelphia & Reading Coal & Iron Corp. represented by said certificates of interest to be sold and the proceeds distributed to the registered owners of such certificates of interest.

Financing Plan (V. 118, p. 1675, 2315.)

The stockholders on May 9 1924 approved the proposal submitted by the management calling for the transfer of the company's assets to the newly organized Pierce Petroleum Corp. The new company will have an authorized capital of 2,500,000 shares, of which 1,200,000 shares will be issued to the Pierce Oil Corp. in exchange for present holdings. The remaining 1,300,000 shares will be offered to Pierce Oil stockholders at $7 a share, the issue having been underwritten by a banking syndicate including Lehman Bros., Goldman, Sachs & Co., and Hornblower & Weeks. Proceeds from the sale of the stock will be used to liquidate current obligations, including the settlement of the judgment held by the International & Great Northern RR., which can be cleared up for $1,550,000 if paid before July 5 1924.

The stockholders also voted to decrease the pref. and com. capital stock by the purchase for retirement of any multiple of one share of pref. stock and eight shares of com. stock tendered for purchase July 1 1925, but such decrease not to be effective unless a total of 25,000 shares of pref. and 200,000 shares of com. stock tendered for the effect of which is that for approximately one share of pref. and eight shares of com. stock the stockholders electing to make the exchange will be entitled to seven and a fraction shares of the com. stock of the new company.

The new company has been organized and the property and assets of the old company have now been transferred to it.

Receivership Sought.—Suit for a receivership for the corporation was filed in Federal Court at St. Louis May 2 1924 by Mrs. Mabel C. Priest, a stockholder, who charges mismanagement of the corporation's affairs. Compare V. 118, p. 2315.

STOCK.—The pref. stock was convertible on or before Jan. 1 1923 into an equal par amount of Class B com. stock, and is redeemable at option of company, all or part, to July 1 1949 at 115 and dividends; sinking fund beginning July 1 1922, not less each year than 3% of the issue (or $450,000) to cancel same. This stock has no voting power unless a year's dividends remain unpaid thereon. The consent of a 66 2-3 interest is necessary to the making of a mortgage, &c.

The Class B common stock is in all respects of the same character and has the same rights and is subject to the same conditions as the common stock, except that the Class B stock has no voting power. Of the $20,000,000 authorized, $15,000,000 is held for conversion of pref. stock and the remaining $5,000,000 unissued.

DIVIDENDS.—On preferred stock 2% quar., Oct. 1919 to July 1921; then none until Feb. 1922, when 2% was paid; none since.

PORTLAND ELECTRIC POWER CO.—The stockholders voted April 5 1924 to change the name of the company from *Portland Railway, Light & Power Co.* to *Portland Electric Power Co.*

Incorporated in Oregon June 29 1906 and has purchased all the property of the Portland Ry. Co., the Oregon Water Power & Ry. Co. and Portland General Electric Co. V. 86,, p. 1044. On March 21 1912 acquired the Mt. Hood Ry. & Power Co. V. 94, p. 983. During 1912 sold the railway property in Salem for $355,333 and the Willamette Falls Ry., 9 miles in length, for $170,000. In May 1914 purchased the Yamhill Electric Co. In Jan. 1914 acquired a majority of the $1,000,000 com. stock of Willamette Val. Southern Ry., incorp. in 1911 to construct a road from Oregon City to Angel City, 32 miles. Line was placed in operation on Jan. 31 1915. Regular passenger service from Portland to Mt. Angel inaugurated Oct. 23 1915. With the exception of two interurban lines the company operates all the electric railways in Portland and vicinity, including interurban lines to Oregon City, Troutdale, Cazadero and Bull Run, Ore., and over the new inter-State bridge to Vancouver, Wash. Does most of the electric light and power business of Portland and vicinity; also all of the electric light and power business in Salem, Oregon City, Silverton, Woodburn and many smaller communities in Ore. and in Vancouver, Wash., and operates the gas plant in Salem. Power is sold to the two interurban lines above mentioned, to the Southern Pacific, and also to the companies operating the street railways in Salem and Vancouver. The Yamhill Elec. Co. supplies electric light and power service to Newberg and other points in Yamhill County. Railway *franchises* in Portland expire in 1932 and 1933. In Aug. 1923 a new 50-year franchise was granted the co. by the city of Vancouver, Wash. V. 117, p. 782. Light and power *franchises* in Portland and Salem are perpetual; in Vancouver they expire in 1927. Has franchise to carry freight in Oregon City, expiring in 1926. In Dec. 1916 obtained a franchise to operate over the new bridge connecting Portland, Ore., and Vancouver, Wash. One-half the profits are to go to Clark and Multnomah counties, by whom the bridge was built. The company's transmission lines and a large part of the interurban railway are on private right of way.

On March 15 1910 the Oregon Supreme Court handed down a decision which in effect sustains the *franchise* covering portions of 40 streets passed by City Council April 28 1909 over the Mayor's veto.

On Feb. 21 1913 a franchise covering about 22 miles of streets, including the proposed "7th St. Line," was granted. The franchise expires in 1932 and contains a provision that at that time appraisers may be appointed to arrive at the value of the company's equipment, with a view to the purchase of the lines by the city. V. 96, p. 654.

In Nov. 1912 the co. brought suit to restrain the city from enforcing the "straphanger ordinance" (limiting to 3 cts. the fare charged passengers for whom no seats are provided), and also the 50-cent minimum gas and electric rate ordinance. A temporary injunction against the enforcement of the former was granted in Dec. 1912, but application for an injunction to set aside the latter was denied by Judge Bean in the U. S. Dist. Court on Nov. 25, on the ground that the Federal Court has no jurisdiction. V. 95, p. 1542, 1274.

Favorable Decision.—Judge Harris in the Supreme Court at Salem in May 1916 held void the ordinance requiring a tax of 3% on gross earnings (V. 96, p. 1157). V. 102, p. 1718.

Valuation.—The Oregon P. U. Comm. on Apr. 30 1917 placed the valuation of the company's property as of Dec. 31 1916 for rate-making purposes at $45,862,972, or about $14,000,000 less than the co.'s valuation. See V. 104, p. 1900, and compare V. 103, p. 61.

ROYAL DUTCH CO.—ORGANIZATION.—Incorp. in The Hague Holland, in 1890, with a capital of 1,300,000 florins ($522,600). Through its subsidiaries it is now the largest international producer and distributor of mineral oil and its by-products of Europe. V. 107, p. 2243. Started as a local enterprise of the Dutch East Indies. After 1900 developed rapidly. In 1902 entered the international field and in conjunction with the "Shell" Transport & Trading Co. of London (which see) and the de Rothschild (Paris) group, founded the Asiatic Petroleum Co. as a distributing concern. Subsequently absorbed the principal other oil producing enterprises in Dutch East Indies and amalgamated its interests with those of the "Shell," the combined assets of both being turned over to two new companies, viz., the "Bataafsche Petroleum Co. and the Anglo-Saxon Petroleum Co. The "Royal Dutch" holds 60% in these two concerns (the "Shell" 40%); also 12½% of the outstanding ordinary "Shell" shares. The two interests so combined have since then acquired exclusive or controlling interests in important oil fields in Rumania, Russia, Egypt, the United States (Oklahoma and California), Panama, Venezuela and Mexico.

List of subsidiaries was published in V. 113, p. 2511.

AMERICAN INTERESTS.—The combination owns a predominating interest in the Shell Co. of California. V. 109, p. 377. Also owns $2,247,000 Ordinary shares and $840,000 Preference shares of the Roxana Petroleum Corp. of Virginia and $179,760 Ordinary shares of the Ozark Pipe Line Corp. The "Roxana" owns fields in the well-known oil districts of Cushing, Healdton and Bartelsville. Also constructed a large refinery in St. Louis and one at New Orleans. At Martinez, on the Pacific Coast near San Francisco, a refinery capable of handling 25,000 bbls. a day and storage facilities at Martinez and on the fields for 4,250,000 bbls. have been established, as well as an 8-inch pipe line 170 miles long from the field to the refinery. In Mexico the allied companies, besides owning other valuable property, control the Mexican Eagle Oil Co., Ltd. Has also established large storage facilities and a refinery of exceptionally great capacity in Curacao, West Indies, in the immediate vicinity of the Panama Canal.

In Nov. 1921, a plan was formulated for the merger of the company's "American interests" with the Union Oil Co. of Dela., for details of which see statement of Union Oil Co. of Dela. below. See also Shell Union Oil Corp. below.

SHARES.—The com. shares have a par value of Fl.1,000 (say $402) each, but the company issues sub-shares of Fl.100 (say $40 20) each. For trading purposes here, Dutch shares of 100 Florin par value were deposited with the Equitable Trust Co., N. Y., against which were issued three certificates for each share deposited. This gives a nominal par value of $13.40 to each "American certificate."

On May 26 1917 purchased the physical property of the Pacific Light & Power Corporation, together with the controlling interests in other smaller companies, retiring $5,000,000 of Pacific Light & Power Corp. 1st & Ref. 5s. V. 103, p. 2244; V. 104, p. 2239; In Oct. 1921 this company took over all of the properties of the Santa Barbara Electric Co., assuming all of the outstanding liabilities of that co.

The consolidated company operates a comprehensive system for the generation, transmission and distribution of electric energy, operating throughout Southern California and in the San Joaquin Valley, embracing 360 cities and towns and covering an area of over 55,000 square miles **having a population of 2,000,000. This system, with the controlled companies, included in December 1923: (*a*) 20 hydro-electric generating plants with an aggregate capacity of 376,000 h. p. and 4 steam generating plants with an aggregate capacity of 127,100 h. p., or a total capacity of $503,100 h.p., including the hydro-electric development at Big Creek; (*b*) undeveloped hydro-electric developments sufficient to increase the water** power plants to an ultimate capacity of 1,428,500 h. p.; (*c*) 185 substations and 8,000 miles of transmission & distributing lines serving 262,000 meters.

The city has also agreed to purchase at wholesale all electric power it may require not generated from its aqueduct. The power-purchase contract is to continue 30 years, unless canceled by vote of citizens after 10 years. (Compare V. 113, p. 1780, 738; V. 114, p. 956).

The company was auth. by the Calif. RR. Commission in June 1920 to transfer its electrical distribution systems in Pasadena to the municipality for a consideration of $533,262.

In Aug. 1918 the South American and Australian properties were organized as Compania Swift Internacional Ltd, under the laws of the Argentine Republic, with a stock of $22,500,000 Argentine gold, divided into 1,500,000 shares of $15 each, all one class, fully paid and non-assessable, all outstanding. Each stockholder of Swift & Co. of record Aug. 31 1918 was given until Oct. 15 the opportunity of exchanging 15% of his holdings in Swift & Co. at par for equivalent amount of capital stock in Internacional at par, evidenced by the First Trust of Chicago certificates of deposit. The company by thus exchanging $22,500,000 of stocks in foreign subsidiaries for equal amount of stock of Swift & Co. obtained the latter as a quick asset, since sold (see below) for requirements of business. V. 107, p. 701, 910.

The plan was agreed to by the Department of Justice.

The packers were to deposit their stock in the yards and terminals with the Illinois Trust & Savings Bank, Chicago, within 30 days, for administration by two trustees, Henry W. General Terms of Reorganization Plan.

New Company.—A new corporation (National Distillers' Products Corp.) shall be organized which shall authorize the issuance of the following securities: (*a*) $3,200,000 6-year 7% guaranteed convertible gold notes; (*b*) 110,000 shares sinking fund pref. stock, par $100, or without par value as the reorganization committee may determine entitled to preferential dividends of $7 per share per annum; 200,000 shares of common stock of no par value.

Holders of both the U. S. Food Products notes and the Distillers Secur. Corp. bonds assenting to the plan shall receive pref. stock, par for par, for the principal amount of the bonds and notes held by them respectively.

In addition assenting holders of Distillers Securities 5% bonds will receive 7 shares of com. stock for each $1,000 bond now held, and the assenting holders of 7% secured notes will receive 2.55 shares of such com. stock for each $1,000 note held by them, respectively.

Underwriting of New Note Issue.—The reorganization committee has procured the underwriting (by the Equitable Trust Co. and Chase Securities Corp.) of the issue of $3,200,000 6-year 7% guaranteed conv. gold notes, thus providing, among other things, what is considered to be sufficient working capital for the profitable operation of the new corporation.

Offer to Stockholders.—The notes of the new company are to be offered to stockholders of the U. S. Food Products Corp. at par and interest on the basis of $100 of notes for each ten shares of stock of the Food corporation, and stockholders of the old company who subscribe will be entitled to receive two shares of common stock for each $100 of the notes purchased.

President.—It is expected that Seton Porter (of Sanderson & Porter) will be President of the new company.

Plan Operative.—The plan was declared operative in March 1924.

STOCK.—Authorized capital stock was formerly $32,500,000, but by vote of the stockholders on March 19 1919, certificates for $1,534,100 were canceled, leaving the present auth. capital stock $30,965,900.

The $4,500,000 7% notes due Sept. 16 1921, are in default. Compare V. 113, p. 1364.

BONDS.—Of the $16,000,000 Distillers 5s, $10,158,000 had been purchased, acquired by corporation and canceled; $295,772 issued but not used for conversion, leaving $5,546,228 outstanding as of Dec. 31 1921. The bondholders' committee in April 1924 stated that the trustee had sold at public auction the stock of Distilling Co. of America which was held as security for the Distillers 5% bonds. The stock was bought in by the reorganization committee for $1,500,000. After deducting the expense of the sale, there will be distributable out of the cash proceeds on each $1,000 bond, for principal and unpaid interest, the sum of $246.2412.

WELLS FARGO & CO. (EXPRESS).—Incorp. in Colorado Feb. 5 1866. On June 30 1917 operated on 84,751 miles of railroad in the U. S. and Mexico, 33,466 miles of stage, inland and ocean steamer routes; total, 118,218 miles. Also, jointly with National Rys. of Mexico, controls Wells, Fargo & Co. S. A. (Sociedad Mexicana). V. 91, p. 1451.

The loss of their contracts with the railroads because of Government control and operation, and inability to effect an arrangement with the Railroad Administration for continuing their individual operations culminated in an enforced retirement from domestic express operations and the transfer of the property of this company and the other leading express companies used in the express business to the American Railway Express Co. on June 30 1918 at least for the duration of the war. In consideration for the properties the several companies received stock in the Am. Ry. Exp. Co. (the Wells Fargo, $10,500,000 thereof) but no guaranty of net return. In Dec. 1920 the I.-S. C. Commission approved the permanent consolidation of the several companies into the American Railway Express Co. V. 111, p. 2532; V. 108, p. 2020, 2124. See American Railway Express Co. above for dividends paid by that company.

CAPITAL STOCK.—The stockholders on Feb. 6 1923 voted to reduce the capital stock from $24,000,000 to $12,000,000 by reducing the par value from $100 to $50, the reduction to be effected by payment in cash of $50 a share, payable as soon as possible after March 5. Payment, it was stated, would be made by disposing of Govt. bonds. This return of capital was the first step toward the ultimate liquidation of the company. See also V. 116, p. 526.

YOUNGSTOWN SHEET AND TUBE CO. (THE).—Incorporated Nov. 23 1900 under laws of Ohio and is engaged in the manufacture of sheet iron and other iron and steel products. Plants are located in Ohio, Indiana, Illinois, Wisconsin and Michigan.

The plants and properties formerly owned by Brier Hill Steel Co. were purchased early in 1923 and taken over on Mar. 1 1923. These properties were paid for in stock and by the assumption of first mortgage bonds to the amount of $10,000,000, and all other obligations of Brier Hill Steel Co. and its subsidiaries.

On July 1 1923 possession of the plants and properties formerly owned by Steel & Tube Co. of America was secured. These properties were bought in Jan. 1923 but delivery was delayed by injunction proceedings instituted by minority stockholders of the selling company. Part of the purchase price, viz., approximately $33,000,000, was paid in cash. The balance was paid by assuming approximately $22,500,000 in bonds of Steel & Tube Co. of America, and all other obligations of that company and its subsidiaries. To provide cash necessary for this purpose, and also for additional working capital, $40,000,000 in debenture bonds were issued by the Youngstown Sheet & Tube Co.

DIVIDENDS.—On common stock of no par value, paid $3 per share in 1920; $2 50 in 1921; $2 75 in 1922; Jan. 1 and Mar. 31 1923, $1 quar.; June 30 1923 to July 1 1924 paid $1 25 quar.

BONDS.—The 6% debenture gold bonds (V. 117, p. 99) are redeemable on any interest date upon 30 days' notice at 105 and interest, as a whole only (except for sinking fund) up to and incl. July 1 1933, and thereafter also by lot at that figure in amounts of $1,000,000 and multiples thereof. A sinking fund is to be provided commencing July 1 1924, sufficient to retire $750,000 bonds annually through purchase at not exceeding 105 and int., or redemption by lot at that figure.

Underlying Bonds.—The underlying bonds include: (1) $10,000,000 Brier Hill Steel Co. 1st 5½s; (2) $181,000 Brier Hill Steamship Co. 1st serial 6s; (3) $5,627,000 Series "B" 6s and $9,000,000 series "C" 7s gen. mtge. sinking fund bonds of Steel & Tube Co. of America; and (4) underlying bonds of the latter company as follows: $764,000 Iroquois Iron Co. 1st 5s, $509,000 Iroquois Iron Co. ref. 6s, $3,430,000 Mark Mfg. CHANGES IN RAILROAD WAGES.

(*Concluded from page 6.*)

Board's jurisdiction. The excoriation of the Pennsylvania system resulted when the railroad refused to deal with the elected representatives of the clerks' organization as officials representing employees' organization, although the railroad was ready to consider them as individuals. (V. 116, p. 2693, 2953; V. 117, p. 1849.) Judge Dickinson in the Federal District Court at Philadelphia, Pa., on Dec. 21 1923 dismissed the suit of the Brotherhood of Railway Clerks, Freight Handlers and Station Employees of the Pennsylvania RR. to compel the company to recognize their delegates in conferences on wages and conditions, on the ground that the Federal Court had no power to enforce the decisions of the U. S. RR. Labor Board and that the only way the Board's mandates could be carried out was in the "court of public opinion." The Board itself, Judge Dickinson declared, had no power to execute its own orders, "and no power has been delegated to the courts to have the decrees carried out." In conclusion the opinion said:

The judgment it [the Labor Board] may render may be acceptable to neither party, but each has the legal right to accept it or refuse to follow it. If the parties refuse acquiescence all that the Board can then do is to give publicity to its ruling, leaving the parties to their willingness to adjust the dispute under the guidance and perhaps the stress of public opinion, influenced, or it may be aroused, by the opinion of the Board.

On the same grounds, Judge Dickinson in the Federal District Court at Philadelphia on Feb. 5 1924 dismissed the $15,000,000 suit brought by the shopmen's organization against the Pennsylvania RR. system. (V. 117, p. 2849; V. 118, p. 627.)

SETTLEMENTS WITH INDIVIDUAL CARRIERS.

The United States Railroad Administration reports that up to Feb. 27 1924 it had concluded final settlements with a total of 437 railroads, including 69 short lines. The payment of these claims on final settlement was largely made up of balance of compensation due, but includes all other disputed items, as between the railroad companies and the Administration during the 26 months of Federal control. The list of railroads with which settlements have been concluded up to Nov. 14 1923 was given in the "Chronicle" of Dec. 1 1923. Later settlements will be found in our "General Investment News" Department under the heading "United States Railroad Administration," in V. 118, p. 1270 and 204 and V. 117, p. 2772, 1993.

EQUIPMENT TRUST AGREEMENTS OF JAN. 15 1920.

Equipment trust agreements were executed early in 1920 by some 80 leading railroad companies with the Director-General of Railroads and the Guaranty Trust Co. of New York as trustee, covering approximately $323,000,000 worth of new rolling stock, built and building. This rolling stock was ordered by the United States Railroad Administration during the period of Federal control of railroads and has been allocated to the railroad companies named below and accepted by them. (Compare V. 109, p. 1668, 1955, 2406.)

The notes, while issuable from time to time as equipment is delivered to the roads, are all dated Jan. 15 1920, payable, both principal and interest, in gold of present standard. Each issue will mature in 15 equal installments on Jan. 15 in each year, 1921 to 1935, both inclusive, and will bear interest at 6% per annum, payable semi-annually, July 15 and Jan. 15 at the office of the trustee in New York City. They will be subject to redemption at the option of the maker prior to maturity at 103 and interest on any interest date after 60 days' notice, but only as entire issues.

The War Finance Corporation, in a statement issued by Managing Director Eugene Meyer Jr., on Jan. 22 1922 announced that the Director-General had addressed a letter to all railroads of which the U. S. Treasury still held issues of equipment trust obligations no part of which had yet been sold by it, asking [in order to increase the salability of its holdings] that he be permitted to subordinate to the remainder of the issue [which remainder he might then sell] not alone the last five maturities, 1931 to 1935, or any one or more of them, but such portion of the maturities of any year as he might determine. The official statement said:

The amended clause will read as follows:

"'Eleventh: Upon request of the holder, or holders, of all the notes which by their terms shall be due and payable in any year, and upon presentation of such notes for that purpose, the trustee shall stamp thereon, or upon such part thereof as said holder, or holders, may designate and request, the following words:

"'For value received and as an inducement to purchases of unstamped notes, the holder of this note has caused the same to be stamped pursuant to Article Eleventh of the Equipment Trust Agreement mentioned in the note, and, as provided in said Article Eleventh, the unstamped notes shall be payable in preference and priority to the stamped notes out of any moneys received or collected by the Trustee under said Equipment Trust Agreement, upon enforcement of its rights or remedies in case of a default of the carrier.'

"For the present, it is the purpose of the Director-General, upon the execution of the supplemental agreements, making the amended clause operative, to make sales of railroad equipment trust obligations under an arrangement, to subordinate, on the part of the Government, approximately 33 1-3% of the principal amount of each maturity; and the Director-General will be prepared to sell 66 2-3% of issues of equipment trust obligations, unsubordinated, at par and accrued interest to date of delivery. The Railroad Administration will thus retain the one-third subordinated part of all serial maturities."

YOU Need Street Cars

How do you suppose the great bulk of the people in your town get about on their errands of business and pleasure? You may go in your automobile—but most people ride in street cars! Street cars are the links in the endless chain of transportation that binds your community together for business, social and industrial growth.

Given a square deal (which is all it asks), your electric street railway company will be a tremendous factor in the growth, progress and prosperity of your community, whether it is large or small. You and all other citizens will act in your own interests if you make sure that your street railway company always has a fair chance to provide the kind of service your community needs.

Many of the technical problems that have surrounded the development of street cars to their present state of efficiency have been solved by Westinghouse Engineering. Many more problems, apparently insurmountable today, will be solved by them in the future. With your interest and helpful co-operation —and that of other citizens as well—it will always be possible for your community to enjoy the resulting economy and the increasing efficiency of the street car.
